Gentlemen:

One of the conditions of approval of your water Permit No. G-33403/87-2027 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 10, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

MEMORANDUM

To: WR File 87-2027

From: Morgan Case

Date: 2/2/2017

Re: Change of Address from ITD Lewiston Office

The Northern Regional office processed the *Change in Address* form submitted by Tim Long at the Idaho Department of Transportation (ITD) Lewiston office for Water Right No. 87-2027. The address change affected numerous water right records held by ITD throughout the state. When the error in processing was noticed, the address was changed back to the original. Mr. Long returned a phone call on February 2, 2017 and clarified that the "ATTN: Lana Servatius District 3" referred to a former employee. Mr. Long wanted the address for Water Right No. 87-2027 changed to the Lewiston office and removal of the reference to Ms. Long. I explained that the address could not be changed without affecting rights not in his district, but that I would remove the reference to Ms. Long.
