Dear Ms Bird:

This correspondence is in regards to the Twenty-four Mile Creek water currently being used on the Crandall Ranch in Chesterfield, Idaho. As you know, I am the previous owner and made several improvements to the water system on the ranch.

At the same time I improved the irrigation practices on the Portneuf River, I also constructed the improvements currently in use on Twenty-four Mile Creek, consisting of upgrading current diversions and installing a pump and underground mainline with risers and hand and wheel line sprinkler systems. This all took place in the summer of 1973 as near as I can recollect. It has been in continuous use since that time.

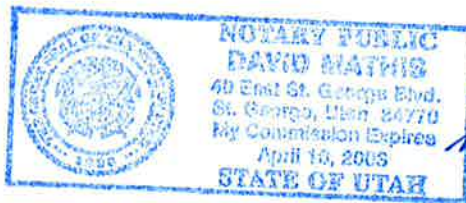

I trust this correspondence will help in informing you of the date of which we constructed and put into use this updated irrigation system on Twenty-four Mile Creek.

Sincerely,

K V Hansen
