RE: PRBA Notice of Claim

Dear Mr. & Mrs. Norton,

We received your mailing with information for a claim. I have filled out a claim form for you based on the information you provided. I left a message asking you to call me but haven't heard back from you. There are a couple things I am not able to fill in on the claim form as I do not have the information that covers that. I have highlighted the following that needs your attention.....

#6 If the water you use is for domestic purposes, please write Domestic on the first line. If you have farm animals, please write Stockwater on the line below it. The purposes from and to are year around, so it would be Jan.1 to Dec. 31. The amount would depend on how much water your well produces. For the Domestic, if your well produces 14 GPM or more, put in .04, 9 to 13 GPM would be .03, 5 to 9 GPM would be .02, and 4 GPM or less would be .01

If you are claiming Stockwater, please put in .02 for the amount.

#7 The total is going to be the higher of the two amounts on # 6,

#8 Please provide how many homes your well services and if applicable, how many and what kind of farm animals you have.

#15 Sign and date the second page and please return the form back to our office with a \$25 filing fee.

If you have any questions or concerns, please feel free to call anytime.

Best Regards,

Dawn R. Lenon
Technical Records Specialist 1
