Properties within the Project may vary from time to time as parcels are acquired or sold as provided under this Agreement.

E. BPA funding under this Agreement will be provided in a manner consistent with section 4(h)(10)(D) of the Act after BPA receives a recommendation from the Council that the measure be funded at a particular level and BPA accepts that recommendation. This process is referred to as prioritization.

F. The underlying purpose of the Agreement is to protect, mitigate, and enhance wildlife and wildlife habitat permanently, through the acquisition, protection and management of lands.

NOW THEREFORE IT IS AGREED BETWEEN THE PARTIES AS FOLLOWS:

1. BPA Obligations (a) In consideration of the promises and covenants made and set out herein, BPA shall make monetary transfers to the Tribe in amounts agreed upon by the parties within 10 days of receipt of a signed Intergovernmental Contract and invoice from the Tribe.

(b) In addition, BPA shall reimburse the Tribe's costs of complying with federal real property acquisition law, including the Uniform Relocation Assistance and Real Property Acquisition Policies Act, 42 U.S.C. §§ 4601-4655; provided, for any acquisition involving potential relocation costs of \$5,000 or more, the Tribe shall enlist the assistance and follow the direction of BPA's Manager, Real Property Services, before taking any action or making any commitments that will necessitate reimbursement by BPA under this paragraph.

2. Operation and Maintenance (a) On or before the beginning of fiscal year 1999 (October 1, 1998), BPA shall start providing a reasonable amount of additional funds for continued operation and maintenance (O&M) of the mitigation to maintain or provide positive wildlife and/or wildlife habitat benefits.

(i) For properties acquired in fee with BPA funds, reasonable may be defined as sufficient funding to, among other things, maintain the staffing and equipment needed to protect habitat through limiting grazing trespass, maintain the property boundary fences, suppress noxious weed infestations, perform habitat improvement and monitoring activities as delineated in the Management Plans, performing Habitat Evaluation Procedures (HEPs), and where necessary, paying in-lieu property taxes, county weed assessments, and fire suppression costs.

in-lieu of property taxes, county weed assessments, operation and maintenance, or fire suppression on lands that were not purchased for purposes of Southern Idaho wildlife mitigation or that the Tribe owned or operated prior to this Agreement. Nor may the Fund be used for any activities on lands owned or managed by a person or entity having a wildlife mitigation agreement with BPA calling for that person or entity to be responsible for operation and maintenance or habitat improvement costs.

(c) The Tribe will use the Fund to implement wildlife mitigation activities as outlined in the Intergovernmental Contracts and within the area delineated in Attachment A of this Agreement. The Tribe may utilize its own processes in conducting any and all pre-acquisition activities, that include, by way of example, appraisals, drafting and presenting to sellers earnest money agreements, purchase and sale agreements, hazardous materials audits, and conducting surveys; provided, the Tribe will comply with federal real property acquisition laws, such as the Uniform Relocation Assistance and Real Property Acquisition Policies Act, 42 U.S.C. §§ 4601-4655. Where the Tribe has no established procedure, it will follow BPA or federal procedures.

(d) The Tribe shall protect the properties in the Project as wildlife habitat permanently on behalf of BPA, preventing any and all uses of the properties that are inconsistent with this Agreement, the Council's Program, and the Management Plans.

(e) Property acquired pursuant to this Agreement is subject to the condition that it be managed for wildlife under this Agreement. If BPA determines that a Property is not being managed for wildlife, as evidenced by a twenty percent drop in the highest documented HEP values, then the Property shall vest in BPA in fee simple absolute, unless BPA provides written consent to such cessation of use or lack of compliance. To allow the Property to vest in BPA, the Tribe shall take title to real property it purchases under this Agreement by a Deed Conveying Fee Simple With an Executory Limitation Over including the language provided in Attachment C. This provision is inapplicable if the twenty percent drop in HEP values is proximately caused by force majeure as described in section 6 or BPA's failure to provide additional funds for operation and maintenance as described in section 2.

4. Management Plans (a) The Tribe shall use the Fund to develop an inventory of the resources existing on the Properties. Based on the information obtained from the inventories the Tribe shall develop a site specific management plan (Management Plan) for each mitigation site within two years of the date of acquisition. The Management Plans will describe the mitigation in

sensitive sites if at all possible in implementing habitat improvement actions. Only ground-disturbing activities approved in the Management Plans may be undertaken. The Tribe may use the Fund, or if it is exhausted seek additional monies through the prioritization process, for the surveys or any cultural or historic resource mitigation necessitated as a result of the Tribe's actions under this Agreement.

8. Recording by Shoshone-Bannock Tribe (a) For any real property the Tribe acquires under this Agreement, the Tribe shall have a deed with an executory interest over and this Agreement acknowledged and recorded with all appropriate authorities under Idaho law, and if the property is placed in trust, under Bureau of Indian Affairs recording regulations. Recording will be done when the Tribe takes title to or assumes control of such property. Within 30 days of recording(s), the Tribe shall submit to the BPA contracting officer a copy of the recorded documents showing the recording information. In the event the Tribe exercises its option to sell or exchange any of the lands acquired for mitigation, as authorized in Section 9 of this Agreement, the parties will release the Deed Conveying Fee Simple with an Executory Limitation Over on the property to be sold and the Tribe shall lawfully acknowledge and record a Deed Conveying Fee Simple with an Executory Limitation Over with the newly acquired property within 30 days of assuming control of that property.

(b) For properties the Tribe acquires in less than fee interest under this Agreement, the Tribe shall ensure (i) the restrictions on the deeds include third party enforcement language approved by BPA, and (2) the deeds are acknowledged and recorded under Idaho and, if appropriate, federal law.

9. Acquisition, Trade, Sale If a sale or trade of a property would provide a net gain in HUs or aid in the fulfillment of the management objectives as stated in this Agreement and the Management Plan, then the Tribe may sell or trade any Property after meeting the following conditions:

(a) obtaining written concurrence by the BPA Manager, Fish and Wildlife Division, and

(b) demonstrating that the new real property interests are of equal or greater wildlife habitat value, as measured by a habitat evaluation procedure, to the species targeted in this Agreement, or aid in fulfillment of the Management Plan or facilitate management of real property already acquired.

14. BPA Credit: The Tribe shall support BPA's taking of the following protection, mitigation, and enhancement credit:

(a) For having used BPA funds to purchase and manage Properties BPA shall receive as a credit to wildlife mitigation under the Act, at a minimum, the HUs agreed upon in the Intergovernmental Contracts, and as a maximum, the actual HUs achieved or acquired.

(b) The Tribe will conduct HEPs for breeding bald eagle, wintering bald eagle, Canada goose, mallard, black-capped chickadee, mink, ruffed grouse, mule deer/elk, pheasant, sharp-tailed grouse, sage grouse, river otter, and yellow warbler. The results of the HEPs shall be used to evaluate the credit due on each specific mitigation site. For mitigation actions involving partnerships, BPA shall receive full credit proportional to its investment in the acquisition, improvement costs, or operations and maintenance.

(c) For all Properties: The parties may agree to conduct subsequent HEP studies at any time. The party requesting the study shall fund it unless the parties agree otherwise.

(d) The Tribe agrees that BPA's expenditure of money is consistent with section 4(h) of the Act. DRAFT PROGRAMMATIC AGREEMENT
among
**THE BONNEVILLE POWER ADMINISTRATION,
THE ADVISORY COUNCIL ON HISTORIC PRESERVATION,
AND THE IDAHO STATE HISTORIC PRESERVATION OFFICER**
regarding implementation of
SOUTHERN IDAHO WILDLIFE MITIGATION PROJECTS

WHEREAS, the Bonneville Power Administration is a Federal Power Marketing Agency (PMA), created under the authority of the Bonneville Project Act (16 U.S.C. §§ 832-832l);

WHEREAS, the Advisory Council on Historic Preservation (Council) was established as an independent agency by the National Historic Preservation Act (NHPA) at 16 U.S.C. § 470l. Pursuant to Section 106 of the NHPA, the Council provides comments to an Agency Official on the effects of undertakings on historic properties in accordance with its implementing regulations, "Protection of Historic Properties," 36 CFR Part 800.

WHEREAS, the role of the state historic preservation officer (SHPO) in regard to programmatic agreements is set out in 36 C.F.R. § 800.1(c)(1)(ii);

WHEREAS, the Bonneville Power Administration (BPA) and other potential managing entities such as the Idaho Department of Fish and Game (IDFG); the Bureau of Land Management (BLM); the United States Forest Service (USFS); and the Shoshone-Bannock Tribes (Tribes) propose to protect, mitigate and enhance wildlife and wildlife habitat adversely affected by the development of the Federal Columbia River Hydrosystem in accordance with the South Fork Snake River/Palisades Wildlife Mitigation Project Final Environmental Assessment and Finding of No Significant Impact and the Wildlife Programmatic Environmental Impact Statement;

WHEREAS, BPA recognizes that mitigation efforts related to the development of the Federal Columbia River Hydrosystem could possibly affect historic properties. For the purposes of this PA, the term "historic properties" means any prehistoric or historic district, site, building, structure, or object, or any property of traditional religious and cultural importance to an Indian tribe, that is included in, or eligible for inclusion in, the National Register. This term includes artifacts, records, and remains that are related to and located within such properties;

accordance with 36 C.F.R. part 63, "Determination of Eligibility for Inclusion in the National Register of Historic Places." The managing entity shall forward survey and evaluation results to BPA for review, after which BPA will forward the results to the SHPO and Tribes for a 30-day review.

(b) If cultural material is discovered during any surveys or evaluations, the materials will be noted but left in place unless, in the judgement of the surveying archaeologist, collection is necessary for protection purposes.

(c) If no historic properties are identified during the survey, the project may proceed after the 30-day review by the SHPO and Tribes described in stipulation 1(a).

(d) Other land management activities (those listed in Appendix A) are generally exempt from the need for advance survey and evaluation. However, the managing entity shall promptly report to BPA, Tribes and the SHPO any potential historic properties encountered during implementation of these activities, and shall consult with the SHPO, BPA, and the Tribes about the need to survey and evaluate such properties.

2. Historic Properties Management Plan (HPMP)

In order to fulfill BPA's Section 106 obligations, the managing entity shall prepare an HPMP for projects with historic properties discovered through implementation of stipulation 1 (above).

(a) The HPMP shall be developed in consultation with BPA, the Tribes and the SHPO within one year of the determination of eligibility, and amended as warranted by changing conditions and discovery of additional historic properties. A single HPMP may be prepared for each parcel of land within contiguous boundaries, or where the managing entity is managing other properties similarly situated, and it may include multiple historic properties.

(b) In preparing HPMPs, they shall be prepared by or under the supervision of an individual who possesses the qualifications recommended by the Interior Secretary's "Professional Qualifications Standards" (48 Fed. Reg. 44,716, 44,738).

(c) The HPMP shall include the following:

3. Discoveries

If cultural material that is not covered by the HPMP (Stipulation 2) is discovered during the implementation of the Project, the managing entity will ensure that all work in the area of the discovery will immediately cease and the managing entity will contact BPA, the Tribes, and the SHPO. BPA, in consultation with the SHPO and Tribes, will determine if the cultural material represents an historic property which is eligible to the National Register of Historic Places. If the material does represent an historic property, BPA will determine the appropriate treatment of the historic property in consultation with the SHPO and the Tribes, as appropriate.

4. Curation

The parties recognize that Tribal traditions do not normally support curation. However, if curation of non-burial materials is deemed necessary as discussed under stipulation 1(b), BPA and the managing entity shall ensure that all curation of records and other items resulting from identification, evaluation, and data recovery efforts proceeds in accordance with 36 CFR 79 and, where applicable, the provisions of the Native American Graves Protection and Repatriation Act (PL101-601). Collections and records will be curated at an appropriate repository. Materials shall be maintained in accordance with 36 CFR 79 until any specified analyses are complete and they are curated or returned to their owners.

5. Human Remains

BPA and the land-managing entity shall ensure that any human remains encountered during the course of this undertaking are treated in a respectful manner. No construction activities will be allowed in the vicinity of the discovery until a Notice to Proceed is provided by BPA and/or the land managing entity. A reasonable and good-faith effort shall be made to identify the appropriate ancestors, Native American or otherwise, related to the burial, and consult with them concerning the treatment of remains. If human remains are encountered on Federal lands, the land-managing entity shall consult with Native Americans, or other groups related to the burial, to determine treatment and disposition measures consistent with applicable Federal law (such as the Native American Graves Protection and Repatriation Act). BPA, SHPO and the Shoshone-Bannock Tribe will address specific NAGPRA procedures regarding the discovery of human skeletal remains in an MOA.

to consider such amendment. Any amendment or addendum to this agreement shall be executed in the same manner as the original.

9. **Dispute Resolution**

Should BPA, the SHPO, or the Tribes be unable to resolve a dispute regarding implementation of this PA, they may consult with the Council staff. If the dispute is still not resolved after a period of 60 day, the SHPO shall request the further comments of the Council pursuant to 36 C.F.R. § 800.6(b).

10. **Termination**

BPA or the SHPO may terminate this PA by providing 120 days' notice, in writing, to the other parties, including concurring parties, provided that the parties will meet during the period prior to termination to seek agreement, amendment, or other action that would avoid termination. It is the intent of the parties that this agreement last for the duration of the South Fork Snake River Programmatic Management Plan. In the event of termination, BPA and the land management entity will comply with 36 C.F.R. §§ 800.4-800.6 with regard to land management activities.

11. **Other Indian Tribes**

Nothing in this agreement is intended to affect the interests or rights of any other Indian tribe.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

**7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS;
TERMINATION OF LIABILITY**

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this

policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

NOTICE OF CLAIM TO A WATER RIGHT

Colman S. Paniogue
Janet M. Paniogue

Addendum # 1

Statement:

The property, for which this claim for water rights is submitted, is located at Bannock Creek, on the Fort Hall Indian Reservation, Power County, Idaho. It is identified as Indian Allotment 1437, originally containing 158.20 acres, mol. It was purchased by my grandfather Raphael LaVatta, an enrolled Shoshone-Bannock Indian, in 1919. (Exhibit # 2). He bought it from his cousin, Frank P. Pocatello, an enrolled Shoshone-Bannock Indian. My mother, Dolores LaVatta Paniogue, an enrolled Shoshone-Bannock Indian, and my father, Salvadore M. Paniogue, an un-enrolled Indian, inherited eighty (80) acres of the original allotment and my sisters inherited the remaining eighty acres when my grandfather died, in about 1946.

I, Colman S. Paniogue, an enrolled Shoshone-Bannock Indian, inherited my parent's home and land (79 acres) when my mother died in 2002. The subject property has been held by our family continuously since my grandfather purchased it in 1919.

We have never 'filed' for water rights, per se; we have always considered that it being "Indian Land" owned by "Enrolled Shoshone-Bannock Tribal members", it thereby qualified for a superior water right. The Tribal authorities have never advised Indian land owners of a need to file a claim for water rights on their property. The State of Idaho has never advised Indian land owners to file a claim for water rights on their property.

I am submitting this Claim to a Water Right to protect the value of my property. I am considering selling the property, and on the assumption that a 'non-Indian' makes the purchase, a portion of the value of the property will be based on having a documented water right.

Thank you for your consideration.

It is identified as Indian Allotment 1437, originally containing 158.20 acres, mol. It was purchased by my grandfather Raphael LaVatta, an enrolled Shoshone-Bannock Indian, in 1919. (Exhibit # 2). The Tribal authorities have never advised Indian land owners of a need to file a claim for water rights on their property. I am submitting this Claim to a Water Right to protect the value of my property. I am considering selling the property, and on the assumption that a 'non-Indian' makes the purchase, a portion of the value of the property will be based on having a documented water right.

ITEM # 15 of my initial Claim to a Water Right was 'RESERVED', mainly because I didn't understand the various categories of water claims. Our Tribal Water Resources Commission advised me that the Tribes would have to object to my claim of Reserved right. I have worked cooperatively with the Tribal Water Commission and the Tribal Water Engineer so I can present a Claim that the Tribes could support and not object to. This AMENDED Claim is the result of our collaboration.

Thank you for your consideration.

NOTICE OF CLAIM TO A WATER RIGHT

Colman S. Paniogue
Janet M. Paniogue

Addendum # 1

Statement:

The property, for which this claim for water rights is submitted, is located at Bannock Creek, on the Fort Hall Indian Reservation, Power County, Idaho. It is identified as Indian Allotment 1437, originally containing 158.20 acres, mol. It was purchased by my grandfather Raphael LaVatta, an enrolled Shoshone-Bannock Indian, in 1919. (Exhibit # 2). He bought it from his cousin, Frank P. Pocatello, an enrolled Shoshone-Bannock Indian. My mother, Dolores LaVatta Paniogue, an enrolled Shoshone-Bannock Indian, and my father, Salvadore M. Paniogue, an un-enrolled Indian, inherited eighty (80) acres of the original allotment and my sisters inherited the remaining eighty acres when my grandfather died, in about 1946.

I, Colman S. Paniogue, an enrolled Shoshone-Bannock Indian, inherited my parent's home and land (79 acres) when my mother died in 2002. The subject property has been held by our family continuously since my grandfather purchased it in 1919.

We have never 'filed' for water rights, per se; we have always considered that it being "Indian Land" owned by "Enrolled Shoshone-Bannock Tribal members", it thereby qualified for a superior water right. The Tribal authorities have never advised Indian land owners of a need to file a claim for water rights on their property. The State of Idaho has never advised Indian land owners to file a claim for water rights on their property.

I am submitting this Claim to a Water Right to protect the value of my property. I am considering selling the property, and on the assumption that a 'non-Indian' makes the purchase, a portion of the value of the property will be based on having a documented water right.

Thank you for your consideration.
