SUBJECT: Palouse River Basin Adjudication (PRBA) Claim No. 87-11830

Dear Mr. Tonn,

Idaho Department of Water Resources (IDWR) has received your water right adjudication claim number 87-11830. After reviewing your claim, I wanted to bring two things to your attention.

1. Number 6: you did not supply a period of use. Per department policy, I recommended your domestic claim as year-round use. If this is incorrect, please let me know so I can accurately recommend your water usage.
2. Number 2: after reviewing department resources, I found that there is a year built date on your parcel that dates back to 1921. You claimed a priority date of May 1, 2005, but you can amend your claim to include an older priority date if it more accurately describes when water was first used for domestic purposes on the parcel. However, you do not have to amend your claim.

If my recommended period of use is inaccurate, you would like to amend your claim, or you have any questions, please contact me with your claim number readily available. My telephone number is (208) 762-2810 and my email is christopher.holmes@idwr.idaho.gov.

Sincerely,

Christopher Holmes
Water Resource Agent
