RE: Notice of Change of Water Right Ownership (NCO) for 35-2670C and Notice of Completed Administrative Proceeding (NCAP)

Dear Sir/Madam:

The Idaho Department of Water Resources (IDWR) acknowledges receipt of an NCO changing the right holder for the above referenced water right(s). Based on this NCO, IDWR water right records for the Snake River Basin Adjudication (SRBA) have been updated.

The letter dated July 8, 2011 (copy enclosed) was completed in error the ownership change should have been placed in the names above not Ronald D Murdock and Steven H Murdock Partnership. The department has updated their records to reflect the correct ownership. Water Right number 35-4250 is a decreed water right and has been corrected as well and a letter for that water right number will be mailed separately.

Furthermore, as directed by the SRBA Court, this office mailed a copy of the updated water right record(s) to each party listed on the enclosed NCAP. The intent of this mailing is to ensure each party has a current record of water right(s) as recorded in the SRBA.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact me if you have any questions concerning this matter.

RE: Change of Ownership for Water Right No(s). 35-10710, 35-2670C and 35-4250

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

RE: Change of Ownership 35-2670C & 35-4250

On March 1, 2011, the department received an ownership change, which was completed July 8, 2011. On August 4, 2011 correspondence was returned to eastern in order to file with the adjudication file. During review of the information the department found an error on the name that had been placed on the water right. The ownership change had placed Ronald D Murdock and Steven H Murdock Partnership and the ownership change should have listed Ronald D Murdock, Ramona Murdock, Steven H Murdock and Lynette Murdock as current owner, this error was corrected on August 8, 2011 and correspondence mailed out the week of August 8, 2011.

SUBJECT: RECOMMENDATIONS FOR THESE RIGHTS

=====

These rights have been claimed as combinations of licensed right 35-02670A and 35-02670B. My initial exam showed some problems with the rights as claimed. This memo summarizes my recommendations for these claims.

License 35-02670 was for irrigation of 200.7 acres by one well with a maximum diversion rate of 4.02 CFS (0.02cfs/acre application rate). Transfer 3464 was approved in 1988 to add a second well to the system and split 34.1 acres off the original place of use. I inspected this new well and found that it is in the SWSESW Lot 3 T2S R34E. I measured the diversion by the Pitot Gauge at 0.57 cfs. There were 2, 1/4 mile hand lines running and a 3rd line with approx. 6 nozzles irrigating the lawns/gardens around the homes. I did not measure this line. The system is, as the transfer shows, just irrigating the SESW of Sec 32. *35-02670B.*

The remaining licensed place of use in Section 32 is irrigated by the original well in the SESWSE Sec 32. This place of use is under two ownerships; Dale Murdock owns the property claimed under A35-11300. Two of his sons own the remaining property. The licensed place of use in the N1/2 NW1/4 Sec 5 T3S R34E is no longer irrigated by this system. It is still owned by the Murdock's but they now irrigate this land under license 35-07792. They did not claim that any part of license 35-02670 is now appurtanant to this property so it appears that the portion of 35-02670A appurtanant to the N1/2 NW1/4 Sec 5 has been abandoned or forfeited (or accomplished transfer to sec 32).

The above paragraphs describe the rights as they are currently recorded with IDWR. Claims A35-10705 and A35-11300 do not reflect the licenses as described. Steven and Ronald Murdock filed A35-10705 as a combination of 35-02670B and the portion of 35-02670A that they own. Dale Murdock filed A35-11300 indicating it as a combination of 35-02670A and 35-02670B. My investigation shows however that he does not have an interest in 35-02670B but rather his right is solely a portion of 35-02670A.

page 2

Given the above information I determined that A35-10705 and A35-11300 will be recommended as follows:

A35-10705

Recommend splitting it to reflect transfer 3464. The first portion as number R35-02670B pursuant to T3464. The second portion as number R35-02670C, a portion of license 35-02670A. I am recommending this because there are two separate systems irrigating the claimed place of use.

A35-11300

Recommend renumbering A35-11300 to A35-02670D and show it as a portion of 35-02670A.
