87-11674 Phone Call Summary

In September I left a voicemail for Tricia Fiscus regarding claim 87-11674. After no response, I sent a letter on September 24th requiring her to contact me. On October 8th she left me a voicemail trying to get in touch with me. On the 9th I called her back, but either her or our phone service was down, and it would not connect the call. On the 10th she called me and we discussed her claim.

Currently, she is living on Kim Cochrane's parcel RP41N03W201202, where the well is also located. Her property, and claimed POU, parcel RP41N03W204200 is located directly west of Cochrane's which does not have any structures on it. In the future, she will build a house and move onto her property. The future house will be connected to the existing well. She claimed her parcel as POU to protect water rights for future use.
