87-10134 Phone Call Summary

On October 16th, 2019 I spoke on the phone with Judith Tackett in regards to a second well on her property, and if she wanted to claim that well along with the well she already claimed, which she did. The newer well was drilled in 2003, and both wells pump into a 2,500 gallon cistern which is then pumped to the home. Because of this, I told her that the new well could be claimed with the older well's priority date. I will mail her instructions on how to amend her claim to include the newer well.
