Dear Sirs,

I would like to amend the preliminary recommendation of our water right #37-4051 to include the rest of the acreage in the NENE and SENE quarters of T06S R13E S13. These acres were originally irrigated by this well when it was first drilled.

When we first bought the place in 1974 the owner kept those acres. We purchased those acres in 1990. The well water is co-mingled with Northside Canal water.

Sincerely,

Mary Carlisle

P.S. Please let me know if there is anything else we need to do.

Dear Sirs,

Enclosed are two aerial maps, one flown in 1948 and the other flown in 1968 showing the additional acreage being irrigated. Also enclosed is a copy of the patent filed after Richard Tschannen finished proving up the land that he desert entried under the Cary Act.

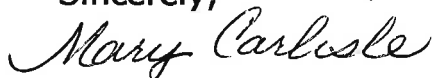

I have also enclosed information Layne Pumps in Twin Falls. They sold the pump to Richard Tschannen April 30, 1961. They have also included other information about the well as we pulled the pump this year for some work.

We purchased the place from Richard Tschannen in January of 1974.

The static water level of 135' is where it is currently standing. It may have been higher in earlier years or even higher when there was more surface irrigated lands.

If more information is needed for proof of priorirty date, please let us know.

Sincerely,

Mary Carlisle

I spoke to Ray Wight of Layne Pumps in Twin Falls (733-3284) on June 18, 2002. He told me the 1961 date on the Pump Estimate and Order came from a listing of Layne Pump serial numbers that show who purchased it, which Layne Dealer sold it, and the date the pump was sold.

Pump Serial Number 44029 was sold to Richard Tschannen by Layne Texas Co. on April 30, 1961.

Re: Evidence of Priority Date

RESPONSE DEADLINE
APRIL 12, 2002

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. I will be conducting field examinations for the SRBA claims with a Ground Water source in your area in late March and early April. Since the priority date of a beneficial use right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the adjudication.

Enclosed you will find a computer printout of your claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: IDWR will recommend the SRBA Court decree the claim disallowed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding claim number. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129. If you have multiple claims that require evidence of priority date, the labels with the identification numbers of the additional claims are attached below. Please submit evidence of the priority date for each of your beneficial use rights. Also, if there are multiple claimants of the claim at the same address, the additional claimants are identified on the labels attached below.

Sincerely,

Carter Fritschle
Water Rights Supervisor
