RE: Notice of Completed Administrative Proceeding (NCAP) for Enlargement Claim

Dear Claimant:

The Snake River Basin Adjudication (SRBA) Court will soon complete the issuing of partial decrees for the area in which your enlargement claim is located. The Idaho Department of Water Resources was required to advertise these claims and give the public an opportunity to assert injury. The deadline to assert injury was January 23, 1999.

Therefore, this office is sending the enclosed NCAP to the SRBA Court and other parties listed on page 2 of the form. The intent of this mailing is to notify all parties the deadline is passed.

Please feel free to contact me if you have any questions concerning this matter.

Memo:

To: File A35-02667 & A35-10980

DATE: 8-31-1992

Country Haven Utilities Assoc. has three wells they can use to supply water to 41 Homes, 1 Fire station, The Backroom furniture store, a lumber yard, cafe, and 1 service station.

The well that is labeled #3 on the map and on the Beneficial Use field Report is the only well that is being used. The other two wells are used as "back-up" only if the ~~the~~ well #3 is inoperable.

- 1) List all 3 wells in P.D..
- 2) The diversion rate of the two claims in combination is limited to the amount that was licensed; 0.48 cfs.
- 3) A Remark must be added in Item #14 explaining that wells #1 & 2 are used only for "back-up".
- 4) The combined Diversion Volume and Cons. Use will also need to be in remarks.

To whom it may concern -

Having lived within a mile of
the school at Rockford for 85 years
I am pretty familiar with what has
been done.

It is my recollection that the
School District 48 drilled a well on
that property in June of 51, for the
purpose of having water for the school
building and the school yards.

PROFILE

I moved to Rockford in 1938 and have lived here since that time. In 1950 and 1951 we built our present home. That same year the housing project was started across the street. The well was drilled to supply the water for the homes and the community. Since then about 4 businesses have been using water plus a fire department. The well does supply water for most of community of Rockford.

RE: **Evidence of Priority** A35-10980

Dear Claimant:

The Notice of Claim identified with the numbers shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority date by JULY 29, 1991, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.
