REMARKS:

USES VERIFIED ARE IRRIGATION, DOMESTIC

Period of use for irrigation recommended as 4/1 to 10/31 / recommended period of use for domestic as Aug 1 to June 15
Q: Measured capacity of well to be 0.16 cfs (see pg. 9)

IRRIGATION portion recommended: (see X 0.02 cfs) = 0.18 cfs max - limited by capacity to 0.16 cfs.

Domestic portion recommended: pursuant Appendix IV, water law had no prior

20 gpd/acre/day / student - in this case 375 students - volume of water =

(20 gpd/acre/day) (375 students/day) (243 days/year) / 825,850 gpd/acre-ft = 5.60 acre-ft/year diversion volume.

Typical day is 0800 hrs to 1530 hrs = 7.5 hours/day = 7500 gpd/day. Need is 7500 gpd/day. Assume this is actively used for a total of 2 hours/day = cfs = 7500 gpd/cf = 1002.7 ft²/2 hr = 501.3 ft²/hr = 3600 sec

0.14 cfs

recommended flow = 0.09 cfs, as claimed.

Normal School Year 10/1/00 to 6/1/01

Re: Irrigated lands not covered by Snake River Basin Adjudication (SRBA) claim A35-11208

To whom it may concern:

During a recent review of the Notice of Claim to the water right referenced above, the irrigated acreage identified exceeds the acreage covered by the water right. Pursuant to § 42-1426 IC, the additional acreage may qualify for an "enlargement claim" thus allowing continued irrigation of these lands. For your reference, I have enclosed a computer-simulated illustration of the lands being irrigated. And, I have enclosed an (SRBA) Profile Report of the water right referenced above. When comparing acreage amounts of the profile report and the GIS illustration it appears there are approximately 4 acres being irrigated which are not covered by the license, but may qualify for an enlargement claim.

To file an enlargement claim you will need to furnish evidence showing when the additional land was placed under irrigation. The enclosed pamphlet entitled "Evidence of Priority" provides some guidance for fulfilling this requirement.

Notices of Claim for the area in question are currently being reviewed by the Department prior to submitting them to the court. Hence, the need for expediency on your part. Please call this office to schedule an appointment if you wish to discuss this important matter or obtain assistance if filing an enlargement claim. I look forward to your timely response.

Respectfully submitted,

RE: Evidence of Priority

*****FINAL REQUEST***
RESPONSE DEADLINE
JANUARY 20, 1992**

Dear Sir:

Our records indicate that your claim, listed above, is based upon either a "Statutory Claim" or "Beneficial Use" of the water. For water rights of this type, the claimed "Priority Date" must be substantiated with supporting evidence. We previously requested this supporting evidence be submitted by July 25, 1991, and to date we have not received the requested documentation.

Before the Department can make a recommendation to the Court to decree the claim, some evidence of the priority date must be submitted. We are enclosing a brochure outlining the types of evidence you may submit, and a printout of your claim for reference. We request that you submit your evidence of priority as soon as possible.

If we do not receive the requested documentation, the Department will recommend the claim be disallowed, due to lack of evidence supporting any priority date.

Please submit the required evidence supporting the priority date by January 20, 1992. Please reference the claim number on your correspondence. If you have questions or need other assistance, please contact this office.

Sincerely,

Eric Verner
Senior Water Rights Agent

RE: **Evidence of Priority** A35-11209, A35-11208, A35-11211,
A35-11206 & A35-11210

Dear Claimant:

The Notices of Claim identified with the numbers shown at the end of this letter have been filed in the Snake River Basin Adjudication (SRBA). The Notices indicate the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notices be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority dates by **July 29, 1991**, referencing all documents with the corresponding Notice numbers. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.
