Evidence of Priority Date

Dear Sir:

I cannot remember the exact year, but in 1948 or 1949 we built new sheds for our sheep. At the same time we drilled a well to supply them with water.

Jim Eaton, well driller also remembers drilling the well in 1948 or 1949 (See Attached Letter).

Thank you for your time and consideration in this matter. If you have any questions, please feel free to contact me.

Sincerely,

Bonnie Arkoosh

Dear Mitch.

Our records were lost in a fire in 1961, however, Jim Eaton who was co-owner of the company at the time recalls drilling the stock water well for your father. This well was north across the road and a little west of the well which was already drilled at your parents place (2177 E. 1375 S.) in Gooding. He recalls it being drilled in 1948 or 1949.

Sincerely,

Larry Nielson-President

Re: Evidence of Priority Date

RESPONSE DEADLINE
APRIL 12, 2002

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. I will be conducting field examinations for the SRBA claims with a Ground Water source in your area in late March and early April. Since the priority date of a beneficial use right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the adjudication.

Enclosed you will find a computer printout of your claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: IDWR will recommend the SRBA Court decree the claim disallowed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding claim number. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129. If you have multiple claims that require evidence of priority date, the labels with the identification numbers of the additional claims are attached below. Please submit evidence of the priority date for each of your beneficial use rights. Also, if there are multiple claimants of the claim at the same address, the additional claimants are identified on the labels attached below.

Sincerely,

Carter Fritschle

Re: AMENDING CLAIMS A37-04273 AND A37-04274

Dear Mr. Arkoosh,

We spoke last week about amending the QUANTITY for these two claims from .28 cfs to .24 cfs, in order for you to opt out of the measurement district. When I pulled the claims, I realized that they had been filed in the names of Michael and/or Bonnie Arkoosh. You cannot amend these claims until the ownership is in your name. I have enclosed a Notice of Change of Water Right Ownership form for your use, should you wish to change ownership. Please follow the instructions on the back, especially to the REQUIRED information under item 2.

If you have any questions, feel free to give me a call at the office.

Change of Address

Dear Claimant,

IDWR has been notified the address presently in our claim records is incorrect. Although we have reached you at the address above, we need you to confirm this is your correct mailing address. Future notices related to your SRBA claims can be sent only to the address on your claims or as otherwise changed by you. The staff of this agency must avoid relying upon the word of others about your mailing address.

If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. That action will suffice to provide adequate notice to IDWR but not to the SRBA court. SRBA Judge Hurlbutt issued an Amended Order March 22, 1995 requiring claimants like yourself identified in a Director's Report (water right #36-10822 only) to use Standard Form 3 for change of address or ownership. We have enclosed Standard Form 3 for your use. Please contact this office (800/451-4129) or the Court (208/736-3011) if you have any questions.

Thank you for your help. We hope to assure you receive future notices about SRBA matters.

Sincerely,

TO: GENERAL FILE
FROM: DANIEL A NELSON
DATE: 1-2-97
SUBJECT: MICHAEL & BONNIE ARKOOSH

I called Mr. George Arkoosh concerning the West Measurement District file for Michael and Bonnie Arkoosh on 1-2-97. According Mr. Arkoosh he was waiting for Cindy Hodges of the State Office to inform him as to what steps he needed to take. According to the file Cindy Hodges performed the well inventory for this place of use and discovered that the system was below the standards for the measurement district. According to Cindy there are two wells on this place of use that are connected together. the combined rate of the two wells is below the WMD standards and so I have recommended that there adjudication claims be amended so the assessment for the WMD can be waived. I have listed each well separately below to show Cindy Hodges findings during her inventory inspection.

North Well:

Adjudication Claim Number - A37-04273
Pump Size ----- 3/4 Hp
Estimated Diversion Rate -- .03 cfs
Recommendation ----- Amend Claim to .12 cfs or less

South Well:
