RE: Evidence of Property, A35-13088

Dear Allen Ruberry,

I have lived in the area around the Riverside-Thomas Cemetery for all of my life. I have many of my family buried there, so I have occasion to visit the cemetery and observe the operations. I certify that I have the personal knowledge that beneficial water use was first established in August of 1950.

Thank you.

RE: EVIDENCE OF PRIORITY, A35-13088

Dear Jack Kirwan:

The Notice of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date. This letter is the final reminder that the above documentation needs to be provided.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

RE: EVIDENCE OF PRIORITY, A35-13088

Dear Claimant:

The Notice of Claim identified above has been filed in the Snake River Basin Adjudication (SRBA). The notice indicates a water usage of irrigation that is based on **BENEFICIAL USE**. Water rights of this type are established by the historic use of water, dating back to when the water was first used for the purpose claimed. This date is known as the **PRIORITY DATE**. Your claim has not been confirmed by License, Decree, or Permit, therefore, proof must be provided supporting the priority date claimed. **As the claimant, you are responsible for submitting the necessary proof to support the PRIORITY DATE of August 31, 1950; highlighted on the attached Proof Report.**

For your reference, I have enclosed a printout (Proof Report) of your Notice of Claim to a Water Right and a pamphlet **EVIDENCE OF PRIORITY**. The pamphlet suggests which document(s) will fulfill this requirement.

The Department can not recommend the Notice be Decreed by the court if evidence supporting the claimed priority date is not submitted.

Please submit the documentation supporting the priority date by December 20, 1994, referencing the information with the corresponding water right number. If you have any questions, please contact this office at (208) 525-7161.

Respectfully submitted,
