Affidavit for Water Right ID. Number 37-4390:

The above property was purchased by Peter Pauls from an unknown party in 1916. Mr. Pauls proceeded to have a well drilled to 220 ft. by Walt Perry that same year. Peter Pauls pumped water by a gas engine and pump; for domestic use, orchard, large garden, trees, shrubs, lawns, irrigated pasture and livestock.

In 1921 Emil Pauls purchased the above property from his father, Peter Pauls. He installed an Aermoter Windmill to pump water, and constructed a Red Wood storage tank above ground to store water, the water was used for the same above uses. On non-windy time of year he used a gas engine tractor to run the pump jack to pump water. Also at this time he bought 2000 head of sheep that he watered from this well spring, fall and winter.

In 1946 he installed an electrical pump jack and pressure system in this well. At this time the sheep were sold and he switched over to fattening beef cattle approx. 400 head a year.

In 1950 Emil Pauls switched over to a cow - calf operation and pre-conditioned feeder cattle, approx. 400 head of cattle. This operation continued until he passed away in 1988. We acquired the property from Emil Pauls, my father and we have continued this operation and water use up thru today.

Affidavit for Water Right ID. Number 37-4391:

The above property was acquired by a gentleman named Tullis under the Carey Land Act shortly after the start of the 20th Century.

He used water for his needs from an underground cistern. In 1941 Reed Griffet purchased the above property. He had a well drilled to 220 ft. He installed a pump and pressure system for his domestic use, horses, small dairy herd, hogs, large orchard of several acres, lawn, shrubs, large garden, trees and some irrigated pasture.

In 1961 Emil Pauls purchased the property and I, Ronald Pauls, purchased the above property in 1963. The property and water was used for the same water uses continued other than most of the orchard was removed, More beef cattle was being watered at this time and to this day. The watering of livestock occurs at varying times of the year.

This farm has been in our family for 86 years now, and this affidavit is written to the best of my knowledge.

Sincerely,

Debbrah Pauls

Re: Evidence of Priority Date

RESPONSE DEADLINE
APRIL 12, 2002

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. I will be conducting field examinations for the SRBA claims with a Ground Water source in your area in late March and early April. Since the priority date of a beneficial use right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the adjudication.

Enclosed you will find a computer printout of your claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: IDWR will recommend the SRBA Court decree the claim disallowed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date by the date shown above, referencing all documents with the corresponding claim number. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129. If you have multiple claims that require evidence of priority date, the labels with the identification numbers of the additional claims are attached below. Please submit evidence of the priority date for each of your beneficial use rights. Also, if there are multiple claimants of the claim at the same address, the additional claimants are identified on the labels attached below.

Sincerely,

Carter Fritschle
Water Rights Supervisor
