Re: Claim 75-4175

Dear Mr. Perkins:

Enclosed is a new map and a preliminary recommendation reflecting the comments you made on the Notice of Error Reply.

The irrigated acres were adjusted to reflect the actual acres claimed, 70 acres and the diversion rate was also adjusted accordingly. To increase the amount of acres claimed, an amendment would have to be filed with the court.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin

Attention: R Brown

In response to adjudication claim report 75-4175 according to my records the priority date is incorrect; it should read 4-01-1926 not 04-01-1923. The flow rate of 8.500 is correct plus the annual volume.

Claim # 75-4174 for 8.2 CFS from the Salmon River Priority dated 4-02-1900. In 1892 Caleb and Anna Davis (husband and wife) bought the property from John Nolan and received homestead rights. They in turn under the "Posted Notice" statute (prior to 1903) claim # 75-4174 was created with a priority date of 4-02-1900. See attached copy of documentation confirming both claim numbers and priority date of each.

Please correct your records to reflect the priority date of 04-02-1900 on claim # 75-4174 @ 8.2 CFS from the Salmon River. Note: per our telephone conversation this morning 7-11-05 remove Al Jensen name and insert mine. After which please send me a confirming copy.

Thank you for your help.
