**INSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, **the seller should be able to provide you with the water right or adjudication claim number(s).** Please enter the number(s) at **Item 1.** Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. **Do not** obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at **Item 3.**
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at **Item 4.** Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.

6. You may have purchased only a portion of the water right(s) held by the seller. If this change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. For each water right requiring a split between owners, fill in the appropriate spaces in the box(es) at **Item 6**. Copy the page as many times as necessary to fully describe each water right after the change. Include documentation as necessary to describe nonstandard agreements or arrangements regarding division of the water right(s). **If the water right(s) will not be split, skip Item 6 and go to Item 7.**
7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. If an "and" connector is used at Item 4, all parties must sign this form. If an "and/or" or "or" connector is used, all parties may sign; however, only one of the named parties is required to sign. If someone other than the owner signs the notice, evidence of authority to sign for the owner must be attached. If the new owner is a corporation or other organization, the person signing the notice must be an officer of the corporation or otherwise have authority to sign for the organization and must include their title with the signature.
8. The Legislature has waived the fee to file a Notice of Change in Water Right Ownership for any water right pending in a general water right adjudication such as the Snake River Basin Adjudication. This waiver ends when a partial decree is issued for the water right that has been claimed. For water rights not pending in a general adjudication, the filing fee is \$25 per water right, except for those water rights which will be divided as a result of the change in ownership. The filing fee for division of a water right is \$100 per water right to be divided. When complete, you should retain a copy and return the original form to the IDWR office nearest you:

I Gladys Swanson, born in Lemhi County on July 30, 1915, do hereby swear on this date that this affidavit and the article enclosed and attached described property located in T23N R22E S10 is a true and accurate account to the best of my knowledge of my Grandmother Mary Frances Steele- Abbey - Shepard who had a boarding house, boarded and fed miners; had a garden, planted and watered apple trees and had livestock and used water from Gold Star Gulch Creek which is a tributary of East Fork of Tower Creek.

Mary Frances Steele

In January 1879, Mary Frances Steele, always known as May, was born in the small settlement of Silver City, Idaho. Her parents were John Steele and Josephine Clark. When she was still a youngster, the family moved to Fort Benton, Montana. There Mary met Valentine Abbey who worked for the railroad. In 1894, when she was almost sixteen, they were married in Anaconda, Montana. Valentine, described as a small peppery man, came from a wealthy Eastern family, and was born in Harrisburg, Pennsylvania, on August 4, 1865.

By September 16, 1895, when their first child, Mary Abbey (Mamie), was born, Valentine was doing well as a section boss for the railroad in Clinton, Montana. Two more children were born there, John on February 16, 1897 and Joseph, on June 19, 1899.

About 1900, the young Abbey Family moved to Idaho and settled in a sparsely populated area known as Boyle Creek. The place they chose was sadly unproductive and Valentine, known as Jack, proved to be more interested in reading and writing poetry than manual labor. They both enjoyed prospecting and had some mining claims near what later became the Silver Star Mine on Boyle Creek. Their son, Fred, was born there on November 22, 1901, and on June 30, 1904, Edward arrived.

May learned to read and write along with her children, when they went to school nearby. Their clothes were mostly hand me downs and in winter their feet were wrapped in gunny sacks. Thanks to May's large garden, they survived, with Jack doing odd jobs for neighbors on the creek. May's diary entry for February 23, 1918 said "This is a hard old world". A month later it read "Don't know how it will all end. Twenty-three years of trouble is not good for one's health". It was about that time that they were divorced, but May continued to live in the canyon with her children. In spite of her cares, she was a loving mother. She was fond of her pet deer, who wore a bell and she love to laugh, sing and play her accordion. She often told about the funny cowboy she knew as a child in Montana. He drew pictures on everything, even the fence posts. When she died, found among her things was a drawing on plain note paper, signed by Charlie Russell. It is now in the museum at Helena, Montana.

There were a number of mining men around much of the time and one of them was George Sheppard, who Mae married in 1920. They continued to live in the cabin in the mine canyon on Boyle Creek. It had two big rooms, two small bedrooms and an attached root cellar dug into the hillside. The two oldest boys were no longer living at home and Mamie was married when their son, Ben, was born in 1921.

George was good to his family, but after about

four years he was anxious to move on to a more productive area. May refused to leave her home on the creek, so they were divorced.

Years later, she and her son, Ben, sold out to a mining company and moved to a ranch on Carmen Creek. When Ben went into the service about 1947, May left her beloved mountains and animals, sold the Carmen Ranch and moved to Salmon. Even there, she had her garden and a few chickens and always a full cookie jar for all the grandchildren. May died in her daughter Mamie Webb's home on February 24, 1964, while looking through her family scrapbook.

Alfred James and Barbara J. Winterowd Stenersen

Alfred James Stenersen was born April 8, 1925, in Salmon, Idaho. He was the first of four children born to Andrew Stenersen and Dora Hale. He spent the first six years of his life on the Ferry Ranch near North Fork. He then moved to Baker, Idaho, for a year and attended his first year of school there. The family returned to the ranch and he attended the Fourth of July Creek School for the next seven years, being taken to school by horse and wagon or sleigh. Later, a bus, built from a truck, was used to transport the pupils.

He started working at an early age, stacking hay for six dollars and fifty cents a day, when he was ten years old. He loved to fish, especially for steelhead, and hunt. He was equally successful at both pastimes. In his early years, he enjoyed the company of his brother and sisters and numerous cousins (the Hales), who lived nearby. He helped his mother in her big garden and his father with haying.
