To Ed Anderson

My name is Robert Elison, I am 75 years old, I reside at 524 Stansbury, Pocatello, Idaho.

In 1936 my family purchased the Bill Wallace ranch on Panther Creek.

In 1942 my mother married Ray Mahoney and we moved to Owl Creek on the Salmon River. We lived there thru 1954.

The property was irrigated with water from Owl Creek including the property now owned by Ed Anderson.

Before we moved to Owl Creek we would visit and purchase fruit from Ray Mahoney and I observed that the property was irrigated with water from Owl Creek.

It is my ~~own~~ opinion that the ~~the~~ property was irrigated with Owl Creek water starting at the time the ditch, that diverts water from Owl Creek, was dug by the Placer Miners in the 1890's.

On this Eighteenth day of November, Robert Elison personally appeared before, Dennis J. Sutter, a notary for the State of Idaho.

Enclosed are the following:

- * First recorded sale of our place; 07/09/1917
- * Homestead for our place; 04/10/1920

You realize that 25 years ago when we filed and thought we had a water right there were people living who had firsthand knowledge of original water usage and could answer the questions you pose today.. Because of your repeated failed attempts to end this issue years have passed and these knowledgeable people have all died. So, I may receive a poorer water right than I own because of your incompetence. Wait 25 more years and do it again and nobody will be alive. Some fair process.

We are currently working on the following:

- *Affidavit attesting to first party observed use of irrigation on our place.
 - *Placer claim records which may show when our ditch was first put to beneficial use.
- The 3rd hand belief is that our ditch predates the homestead. These records are listed by claimant and require a search of the entire set of courthouse records to find a location. I have not had the time to do this.
