RE: Notice of Claim A75-07020

Dear Mr. O'Connor:

The Idaho Department of Water Resources (IDWR) is returning your Notice of Claim to a Water Right because of insufficient information. All items on the forms must be completed and fees submitted before the IDWR can process the notice.

Please correct the items identified below and return the notice to the IDWR by November 19, 1990.

Item #6: Your license calls for 0.11 cfs of water for irrigation of four (4) acres and 0.03 cfs for domestic purposes. By definition, in Section 42-111 Idaho Code, "domestic use" includes the use of water for livestock if the total domestic use does not exceed 13,00 gallons per day. To claim stockwater as a separate use will require filing a separate Notice of Claim for that purpose. Please correct the claim to reflect the license and return to this office.

A Notice of Claim to a Water Right must be filed in the Snake River Basin Adjudication at this time for all purposes commencing prior to November 20, 1987, except for some domestic and stock uses not exceeding 13,000 gallons per day. Failure to record a Notice of Claim for all other uses will result in forfeiture of the water right.

Should extenuating circumstances prevent you from being able to return the notice by the above date, it is important IDWR be notified. Failure to either return the corrected notice or provide justification for

MICROFILMED

additional time will be cause for refunding the filing fee previously paid and removal of the notice from the IDWR records. Notices returned after the refund process has been initiated will be subject to a late fee plus the regular filing fee.

If you wish to make an appointment to discuss the corrections, please call the IDWR at (208)-525-7161.

Respectfully submitted,

Ernest Carlsen
