Re: 75-10530
75-10536

Dear Ms. Brown:

Enclosed please find additional evidence of priority concerning water right number 75-10530 and 75-10536.

Please note, 75-10536 is a portion of the "Hughes Creek Placer" Survey #1480. 75-10530 is 13 acres from the same "Hughes Creek Placer" and 13 acres (River Run Estates, Lots 4 & 5) originally settled and homesteaded by Elizabeth Eldredge.

Evidence of Priority
Claim # 75-10530

1. Application for patent, dated May 21, 1901 attesting discovery January 1885, and installation of "flumes, ditches" etc.
2. Hughes Creek Placer, Abstract of Title 1885 to 1900, including water rights.
3. Affidavit in support of patent signed by D. Eldredge, May 3, 1900.
4. Letter by Commissioner February 1901 acknowledging improvements for water use and diversion.
5. U.S. Surveyor notes, April 26, 1900, acknowledging "ditches" and "flumes" to use water.
6. Affidavit of Harold Hansen, deceased.
7. Map from homestead claim of E. Eldredge showing flume.

SCANNED

JUL 25 2005

Evidence of Priority
Claim #75-10536

1. As to first 13 acres which is also part of the "Hughes Creek Placer" the aforementioned documents #1-7 are resubmitted (75-10530).
 2. Testimony of E. Eldredge for homestead. Residence date is illegible but see #3 below, statement of District Forester stating spring, 1887. Residence built 1889.
 3. Reprint of article July 10, 1918 Salmon Herald.
 4. Copy of Journal of Ora Cockrell, District Ranger, attesting to crop production on Eldredge homestead, 1908-1910. *upon request orig. Journal is available*

HAILEY, IDAHO.

State of Idaho.)
County of Lemhi,) ss.

Application for patent for the "Hughes Creek",
"Ransack Bar", "Canteen" and "Stein" Consolidated
placer mining claims.

F.W.Hunt, Jeremiah Fahey, Henry Stein and H.L.Holt, whose postoffice
address is Gibbonsville, Lemhi County, Idaho, being first duly sworn ac-
cording to law, depose and say:

That by virtue of a compliance with the terms of Chapter Six of
Title 32, United States Revised Statutes, and acts supplemental thereto
or amendatory thereof, and with the laws of the State of Idaho, and with
the miners customs and regulations of Dahlenega Mining District, in said
County, by themselves and their grantors, they, the applicants for patent
herein, have become the owners of and are in the actual, quiet and un-
disputed possession of the placer mining claims, to-wit: "RANSACK BAR", "CANTEEN" and
"STEIN" placer mining claims, situated in the Dahlenega Mining
District, County of Lemhi, State of Idaho, more particularly set forth
and described in the official field notes of survey thereof, hereto at-
tached, and in the official plat of said survey, now posted conspicuous-
ly upon each of said mining claims or premises, a copy of which is
filed herewith.

Deponents further state, that the facts relative to the right of
possession of themselves to said mining claims-deposit and surface
ground so surveyed and platted are substantially as follows, to wit:
The "Hughes Creek" placer claim was discovered on or about the first
day of January A.D. 1885, by E.C. Johnson, Thomas Sheridan, Frank Snyder,
Henry Stein, P.J. Kelley and T.F. Gallagher, who afterwards and before the
15th day of January 1885, completed a location of the same as a mining
claim of the length of 18,000 feet and a width of 300 feet. A certi-
fied copy of the original location notice of this claim is herewith

filed.

The interest, right and title of said Frank Snyder and Thomas Sheridan was forfeited by them to said Johnson, Gallagher and Stein on the 30th day of July, 1887, by proceedings taken under Section 2324 of the Revised Statutes of the United States, as appears by the abstract of title filed herewith.

That said E.C. Johnson, Henry Stein, P.J. Kelley and T.F. Gallagher by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the owners thereof. And said applicants with Ruth M. Hunt and Annie Stein afterwards made and recorded their amended location of said claim, and said Ruth M. Hunt thereafter conveyed her interest therein to deponent H.L. Holt, and said Annie Stein also conveyed her interest to deponent Jeremiah Fahey, and said deponents Hunt, Fahey, Stein and Holt now own and possess the entire right, title and interest in and to said mining claim. A copy of the aforesaid amended location notice is set forth in the field notes here to attached.

The "STKIN" placer claim is designated in some of the conveyances thereof as the "DUMP" claim. This claim was discovered on or about the 15th day of March, 1890, by deponent Henry Stein, who afterwards and on or about the 19th day of said Month completed a location of the same as a mining claim under the laws of the United States.

That said Henry Stein by divers intermediate conveyances transferred said claim to applicants, who thereupon took possession and are the sole owners thereof. That said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "CANTEEN" placer claim was discovered on or about the 8th day of July, 1894 by one Ed Williamson who afterwards on or about the 9th

day of of said month completed a location of the same as a mining claim under the laws of the United States. That said discoverer and locator by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "RANSACK BAR" placer claim was discovered on or about the 1st day of March, 1886, by one Harry Armitage, who afterwards and on or about the 3rd day of said month completed a location of the same as a mining claim under the laws of the United States, under the name of "The Placer" on Ransack Bar.

That said Harry Armitage by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 11th day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

All of which will more fully appear by reference to the original records of location, copies of which are herewith filed, and the abstract of title, plat and field notes of survey and other papers filed herewith.

That the value of the labor done and improvements made upon said placer claims by these applicants and their grantors exceed the sum of two thousand dollars, and such improvements consist of placer workings, bed rock flume, shafts, open cuts, tunnels and ditches, and deponents have in all things complied with the provisions of Chapter 6 Title 32 of the Revised Statutes aforesaid and the acts supplemental thereto and amendatory thereof and the laws of the State of Idaho, and rules and regulations of Dahlenega Mining District aforesaid relative to the owning, holding and patenting said mining claims.

That by such compliance with the laws, customs and regulations aforesaid, they are entitled to a patent from the United States for the "HUGHES CREEK", "RANSACK BAR", "CANTEEN" and "STEIN" claims so officially surveyed and platted, and hereby make application for such patent.

Sirs:

The record in the case of mineral entry No. 501, made October 6, 1900, by F. W. Hunt et al. for the Hughes Creek, Ransack Bar, Canteen and Stein placer claims, has been examined.

The improvements credited to the four claims for the development thereof, in compliance with the requirements of Sec. 2325 Rev. Stat., consisting of flumes, ditches, placer workings, shafts, cuts and tunnels aggregate \$15,770.00 in value, of which only one shaft 10 feet deep valued at \$70 is situated on the Canteen placer.

There is nothing in the record to indicate that any of the improvements shown to be within the limits of the other three claims in any manner develop or tend to develop the Canteen location. The nearest improvements to the Canteen placer, aside from its discovery shaft, are the tunnels on the Ransack Bar placer, situate more than a thousand feet southeast of said Canteen and are apparently not of a character suitable for the purpose of developing said claim.

Paragraph 53 of the Mining Regulations approved June 24, 1899, as interpreted by the Department in the case of the Copper Glance Lode Claim, reported in 29 L.D., page 542, prevents the considera-

tion of said improvements as for the development of the Canteen placer until it has been affirmatively shown that they were made for the purpose of the development of said claim and are of a character suitable for the purpose intended. The mere fact that the improvements on the other three claims aggregate in value more than fifteen thousand dollars and that the four claims are owned in common does not relieve claimants from the necessity of complying with the law in the expenditure of five hundred dollars' worth of labor or improvements for the purpose of developing the Canteen placer location, and claimants will therefore be required to make supplemental showing as to the expenditure for the development of said Canteen placer in accordance with paragraph 53, supra, as interpreted by the Department in the case of Draper et al. v. Wells, 29 L.D.350, and you will notify claimants that in default of such supplemental showing within sixty days from service of notice hereof, or of appeal herefrom, said entry will be canceled as to the Canteen location without further notice from this office.

On December 17, 1900, there was filed in this office, through J. Van Valkenburg, attorney at law, 303 Northwestern Building, Minneapolis, Minnesota, a protest in behalf of one Theodore Munson who claims that the locations now embraced in mineral entry No. 501 were relocated on May 26, 1899, by Ira Lamoreaux et al. as the Susquehanna placer mining claim, and that he is the grantee and sole owner of said claim; that at the time of the location of the

Susquehanna claim the ground defined by mineral survey No.1480 as the Hughes Creek, Canteen, Ransack Bar and Stein placer claims was vacant public land subject to such location by the locators of the Susquehanna for the reason that it had been abandoned by the owners of said claims and no work or labor of any kind had been performed thereon since the 26th day of May, 1896.

Claimants under mineral entry No.501 filed their application in due form on June 4, 1900, and gave the usual notice thereof by posting on the claim, in your office, and by publication from June 13 to August 15, 1900; no protest was filed in your office and in regular proceeding entry was allowed as above stated on October 6, 1900.

Protestant now appears before this office in the assertion of an adverse claim in the form of a protest, but the law requires the adjudication of all questions between rival adverse claimants for the same ground in the manner provided by sections 2325 and 2326 of the Revised Statutes.

As to the allegation ~~that claimants failed to perform the~~ annual assessment work subsequent to May 26, 1896, this office is without jurisdiction to determine. This question only affects the right of possession and is one exclusively for the consideration of a court of competent jurisdiction in the manner provided by the sections of the Revised Statutes above referred to. These questions have all been recently considered by the Department in the cases

reported in 29 L.D.62, 302, 308, 401, and more recently in the case of the Harburg Lode Claim, 30 L.D.202.

Protestant having failed to assert his adverse claim to the ground in the manner provided by law, and there being no allegation as to the insufficiency of the notice of application for the Hughes Creek and other placer claims, this office cannot consider the question presented in said protest, and the same is therefore hereby dismissed. Advise all parties in interest hereof.

In due time report hereon transmitting evidence of service of notice.

Very respectfully,

[Signature]
Commissioner.

U. S. SURVEYOR GENERAL'S FINAL CERTIFICATE ON FIELD NOTES.

DEPARTMENT OF THE INTERIOR,

OFFICE OF U. S. SURVEYOR GENERAL,

Boise City, Idaho

April 26, 1900.

Joseph Carrault

U. S. Surveyor General for

Idaho

do hereby certify that the foregoing transcript of the Field Notes, return and approval

of the Survey of the mining claim of F. W. Hunt, Jeremiah

Taney, Henry Stein and H. L. Holt

, known as the "Hughes Creek", "Ranach Bari", "Canton"

and "Stein" Conch. Placer, situate in Dahlonaga

Mining District, Lemhi County,

Idaho, on unsurveyed Township No. land

Range No. of the United States, and designated as Survey

No. 1480, has been correctly copied from the originals on

file in this office; that said Field Notes furnish such an accurate description of said

mining claim as will, if incorporated into a patent, serve fully to identify the premises,

and that such reference is made therein to natural objects or permanent monuments as

will perpetuate and fix the locus thereof.

And I further certify that five hundred dollars' worth of labor has been expended

or improvements made upon said mining claim by claimant or their grantors, and

that said improvements consist of 820 ft. of Tunnels; 4400

ft. of Ditch; 1490 ft. of Flume; 3 shafts;

1 Open Cut and Placer workings, as appears

by the report of the Deputy Surveyor and the

testimony of two disinterested witnesses;

and that no portion of said labor or improvements has been included in the estimate of

expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Hailey,

Idaho is correct and in conformity with the foregoing Field Notes.

STATE OF IDAHO)

COUNTY OF LEMHI)

I, HAROLD HANSON, being first duly sworn, depose and state:

1. That I have been a resident of Lemhi County, Idaho, since 1946.

2. That I have, between 1946 and the present, resided approximately one mile north of Hughes Creek on Highway 93 in Lemhi County, Idaho.

3. That I am personally familiar with the parcel of property located on Hughes Creek owned by Mr. Robert Felton and, which I am told, is the lower portion of the property commonly known as the Hughes Creek Placer.

4. That during the late 1970's and early 1980's I personally irrigated the property owned by Mr. Felton and the adjoining property including lot 5 (owned by Mr. Robert Felton) and lot 6 (owned by Mr. Stuart Felton) of River Run Estates. I personally knew Jerry Ravendahl and currently am acquainted with his widow, Velma Ravendahl.

5. The Ravendahls owned lots 5 and 6 prior to 1948 and in 1948, they purchased the lower portion of the Hughes Creek Placer now occupied by Mr. Robert Felton. It is my personal knowledge and belief that this property has been irrigated continuously since 1948. from water drawn through ditches from Hughes Creek.

SCANNED

JUL 25 2005

6. There are two ditches flowing from Hughes Creek above Mr. Felton's property which join together near the fence at the top of his property and supply water to the land on the road-side of the creek. There is another ditch which runs out of Hughes Creek on the far side of the road which takes water to that portion of Mr. Felton's property lying across the creek and continues on down through lots 5 and 6 of River Run Estates.

7. That having lived at this location for the last 44 years, and being acquainted with numerous, local residents, including residents on Hughes Creek, it is my understanding and knowledge that prior to the Ravendahls, the water in Hughes Creek, where it abuts Mr. Felton's property, was continuously utilized to supply mining operations, dredging, and personal use. This included damming the creek to support the dredging activity. This use has been continuing since before the turn of the century.

8. That the mining operations were continuous up and until the time of the second Word War. While the mining activity decreased during World War II, it actually ceased in 1947. The next year, 1948, the Ravendahls commenced irrigating the property.

SIGNED this __ day of April, 1990.

Application for patent for the "Hughes Creek",
"Ransack Bar", "Canteen" and "Stein" Consolidated
placer mining claims.

P.W.Hunt, Jeremiah Fahey, Henry Stein and H.L.Holt, whose postoffice
address is Gibbonsville, Lemhi County, Idaho, being first duly sworn ac-
cording to law, depose and say:

That by virtue of a compliance with the terms of Chapter Six of
Title 32, United States Revised Statutes, and acts supplemental thereto
or amendatory thereof, and with the laws of the State of Idaho, and with
the miners customs and regulations of Dahlenega Mining District, in said
County, by themselves and their grantors, they, the applicants for patent
herein, have become the owners of and are in the actual, quiet and un-
disputed possession of the placer mining claims known as the "Hughes Creek",
"Ransack Bar", "Canteen" and "Stein" placer mining claims, situated in the
District, County of Lemhi, State of Idaho, more particularly set forth
and described in the official field notes of survey thereof, hereto at-
tached, and in the official plat of said survey, now posted conspicuous-
ly upon each of said mining claims or premises, a copy of which is
filed herewith.

Deponents further state, that the facts relative to the right of
possession of themselves to said mining claims-deposit and surface
ground so surveyed and platted are substantially as follows, to wit:
The "Hughes Creek" placer claim was discovered on or about the first
day of January A.D. 1885, by E.C. Johnson, Thomas Sheridan, Frank Snyder,
Henry Stein, P.J. Kelley and T.F. Gallagher, who afterwards and before the
15th day of January 1885, completed a location of the same as a mining
claim of the length of 18,000 feet and a width of 300 feet. A certi-
fied copy of the original location notice of this claim is herewith

SCANNED

filed.

The interest, right and title of said Frank Snyder and Thomas Sheridan was forfeited by them to said Johnson, Gallagher and Stein on the 30th day of July, 1887, by proceedings taken under Section 2324 of the Revised Statutes of the United States, as appears by the abstract of title filed herewith.

That said E.C. Johnson, Henry Stein, P.J. Kelley and T.F. Gallagher by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the owners thereof. And said applicants with Ruth M. Hunt and Annie Stein afterwards made and recorded their amended location of said claim, and said Ruth M. Hunt thereafter conveyed her interest therein to deponent H.L. Holt, and said Annie Stein also conveyed her interest to deponent Jeremiah Fahey, and said deponents Hunt, Fahey, Stein and Holt now own and possess the entire right, title and interest in and to said mining claim. A copy of the aforesaid amended location notice is set forth in the field notes here to attached.

The "STEIN" placer claim is designated in some of the conveyances thereof as the "DUMP" claim. This claim was discovered on or about the 15th day of March, 1890, by deponent Henry Stein, who afterwards and on or about the 19th day of said Month completed a location of the same as a mining claim under the laws of the United States.

That said Henry Stein by divers intermediate conveyances transferred said claim to applicants, who thereupon took possession and are the sole owners thereof. That said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "CANTEEN" placer claim was discovered on or about the 8th day of July, 1894 by one Ed Williamson who afterwards on or about the 9th

day of of said month completed a location of the same as a mining claim under the laws of the United States. That said discoverer and locator by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "RANSACK BAR" placer claim was discovered on or about the 1st day of March, 1886, by one Harry Armitage, who afterwards and on or about the 3rd day of said month completed a location of the same as a mining claim under the laws of the United States, under the name of "The Placer" on Ransack Bar.

That said Harry Armitage by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 11th day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

All of which will more fully appear by reference to the original records of location, copies of which are herewith filed and the abstract of title, plat and field notes of survey and other papers filed herewith.

That the value of the labor done and improvements made upon said placer claims by these applicants and their grantors exceed the sum of two thousand dollars, and such improvements consist of placer workings, bed rock flume, shafts, open cuts, tunnels and ditches, and deponents have in all things complied with the provisions of Chapter 3 Title 32 of the Revised Statutes aforesaid and the acts supplemental thereto and amendatory thereof and the laws of the State of Idaho, and rules and regulations of Dahlenega Mining District aforesaid relative to the owning, holding and patenting said mining claims.

SCANNED

JUL 25 2005

That by such compliance with the laws, customs and regulations aforesaid, they are entitled to a patent from the United States for the "HUGHES CREEK", "RANSACK BAR", "CANTEEN" and "STEIN" claims so officially surveyed and platted, and hereby make application for such patent.

Register and Receiver,
Hailey, Idaho.

Sirs:

The record in the case of mineral entry No. 501, made October 6, 1900, by F. W. Hunt et al. for the Hughes Creek, Ransack Bar, Canteen and Stein placer claims, has been examined.

The improvements credited to the four claims for the development thereof, in compliance with the requirements of Sec. 2325 Rev. Stat., consisting of flumes, ditches, placer workings, shafts, cuts and tunnels aggregate \$15,770.00 in value, of which only one shaft 10 feet deep valued at \$70 is situated on the Canteen placer.

There is nothing in the record to indicate that any of the improvements shown to be within the limits of the other three claims in any manner develop or tend to develop the Canteen location. The nearest improvements to the Canteen placer, aside from its discovery shaft, are the tunnels on the Ransack Bar placer, situate more than a thousand feet southeast of said Canteen and are apparently not of a character suitable for the purpose of developing said claim.

Paragraph 53 of the Mining Regulations approved June 24, 1899, as interpreted by the Department in the case of the Copper Glance Lode Claim, reported in 29 L.D., page 542, prevents the considera-

tion of said improvements as for the development of the Canteen placer until it has been affirmatively shown that they were made for the purpose of the development of said claim and are of a character suitable for the purpose intended. The mere fact that the improvements on the other three claims aggregate in value more than fifteen thousand dollars and that the four claims are owned in common does not relieve claimants from the necessity of complying with the law in the expenditure of five hundred dollars' worth of labor or improvements for the purpose of developing the Canteen placer location, and claimants will therefore be required to make supplemental showing as to the expenditure for the development of said Canteen placer in accordance with paragraph 53, supra, as interpreted by the Department in the case of Draper et al. v. Wells, 29 L.D.500, and you will notify claimants that in default of such supplemental showing within sixty days from service of notice hereof, or of appeal herefrom, said entry will be canceled as to the Canteen location without further notice from this office.

On December 17, 1900, there was filed in this office, through J. Van Valicenburg, attorney at law, 303 Northwestern Building, Minneapolis, Minnesota, a protest in behalf of one Theodore Munson who claims that the locations now embraced in mineral entry No. 501 were relocated on May 25, 1899, by Ira Lamoreaux et al. as the Susquehanna placer mining claim, and that he is the grantee and sole owner of said claim; that at the time of the location of the

SCANNED

JUL 25 2005

Susquehanna claim the ground defined by mineral survey No.1480 as the Hughes Creek, Canteen, Ransack Bar and Stein placer claims was vacant public land subject to such location by the locators of the Susquehanna for the reason that it had been abandoned by the owners of said claims and no work or labor of any kind had been performed thereon since the 26th day of May, 1896.

Claimants under mineral entry No.501 filed their application in due form on June 4, 1900, and gave the usual notice thereof by posting on the claim, in your office, and by publication from June 13 to August 15, 1900; no protest was filed in your office and in regular proceeding entry was allowed as above stated on October 6, 1900.

Protestant now appears before this office in the assertion of an adverse claim in the form of a protest, but the law requires the adjudication of all questions between rival adverse claimants for the same ground in the manner provided by sections 2325 and 2326 of the Revised Statutes.

As to the allegation ~~that claimants failed to perform the~~ annual assessment work subsequent to May 26, 1896, this office is without jurisdiction to determine. This question only affects the right of possession and is one exclusively for the consideration of a court of competent jurisdiction in the manner provided by the sections of the Revised Statutes above referred to. These questions have all been recently considered by the Department in the cases

reported in 29 L.D.62, 302, 308, 401, and more recently in the case of the Harburg Lode Claim, 30 L.D.202.

Protestant having failed to assert his adverse claim to the ground in the manner provided by law, and there being no allegation as to the insufficiency of the notice of application for the Hughes Creek and other placer claims, this office cannot consider the question presented in said protest, and the same is therefore hereby dismissed. Advise all parties in interest hereof.

In due time report hereon transmitting evidence of service of notice.

Very respectfully,

J. H. [Signature]
Commissioner.

file in this office; that said Field Notes furnish such an accurate description of said

mining claim as will, if incorporated into a patent, serve fully to identify the premises,

and that such reference is made therein to natural objects or permanent monuments as

will perpetuate and fix the locus thereof.

And I further certify that five hundred dollars' worth of labor has been expended

or improvements made upon said mining claim by claimant or their grantors, and

that said improvements consist of 820 ft. of Tunnels; 1100ft. of Ditch; 1400 ft. of Flume; 3 Shafts;1 Open Cut and Placer Workings, as appearsby the report of the Deputy Surveyor and thetestimony of two disinterested witnesses;

and that no portion of said labor or improvements has been included in the estimate of

expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Hailey,Idaho is correct and in conformity with the foregoing Field Notes.Joseph CarraultUnited States Surveyor General for Idaho

STATE OF IDAHO)

COUNTY OF LEMHI)

I, HAROLD HANSON, being first duly sworn, depose and state:

1. That I have been a resident of Lemhi County, Idaho, since 1946.

2. That I have, between 1946 and the present, resided approximately one mile north of Hughes Creek on Highway 93 in Lemhi County, Idaho.

3. That I am personally familiar with the parcel of property located on Hughes Creek owned by Mr. Robert Felton and, which I am told, is the lower portion of the property commonly known as the Hughes Creek Placer.

4. That during the late 1970's and early 1980's I personally irrigated the property owned by Mr. Felton and the adjoining property including lot 5 (owned by Mr. Robert Felton) and lot 6 (owned by Mr. Stuart Felton) of River Run Estates. I personally knew Jerry Ravendahl and currently am acquainted with his widow, Velma Ravendahl.

5. The Ravendahls owned lots 5 and 6 prior to 1948 and in 1948, they purchased the lower portion of the Hughes Creek Placer now occupied by Mr. Robert Felton. It is my personal knowledge and belief that this property has been irrigated continuously since 1948. from water drawn through ditches from Hughes Creek.

SCANNED

JUL 25 2005

6. There are two ditches flowing from Hughes Creek above Mr. Felton's property which join together near the fence at the top of his property and supply water to the land on the road-side of the creek. There is another ditch which runs out of Hughes Creek on the far side of the road which takes water to that portion of Mr. Felton's property lying across the creek and continues on down through lots 5 and 6 of River Run Estates.

7. That having lived at this location for the last 44 years, and being acquainted with numerous, local residents, including residents on Hughes Creek, it is my understanding and knowledge that prior to the Ravendahls, the water in Hughes Creek, where it abuts Mr. Felton's property, was continuously utilized to supply mining operations, dredging, and personal use. This included damming the creek to support the dredging activity. This use has been continuing since before the turn of the century.

8. That the mining operations were continuous up and until the time of the second Word War. While the mining activity decreased during World War II, it actually ceased in 1947. The next year, 1948, the Ravendahls commenced irrigating the property.

SIGNED this __ day of April, 1990.

Return to K

Sir:

I have the honor to request that the tract of land indicated on the enclosed blue print and described on the accompanying field notes of survey (List 4-81) in the Salmon National Forest, Idaho, be opened to settlement and entry in accordance with the Act of June 11, 1906, (34 Stat. 233):

Unsurveyed, which when surveyed will probably be Township 25 North, Range 21 East, Boise Meridian, in approximately Section 21. Area about 75 acres.

Mrs. Elizabeth M. Eldridge, Gibbonsville, Idaho, applied on October 9, 1908, for this tract, alleging settlement in the Spring of 1887.

Very respectfully yours,

Chas. Leavitt

District Forester.

ELDRIDGE RANCH CHANGES HANDS

(sub-title)
After Thirty Years' Occupancy the Old Homestead Passes to Others

Mrs. E. M. Eldridge has sold her ranch on Northfork and has moved to Salmon, now occupying the cottage of her daughter, Mrs. Laura Cummings, on St. Charles Str.. Her husband, David P. Eldridge, the latter having died some years, settled on the Northfork thirty years ago, and there their daughter, Miss Lydia, and two sons, Frank and Homer, were born. The place has been bought by Ed A. Ravandal of South Dakota, who took all livestock and other chattels and has taken possession. Mrs. Eldridge has worked hard on that ranch, and though it is a fine situation, and she hated to give it up, she has earned a rest, which she will now take.

04 Sept. 1918- Len Cummings is building himself a neat five room cottage on North St. Charles St. near the railroad.

16 Oct. 1918- under Local Happenings, last page- Mrs. E. Me Eldridge and daughter, Miss. Lydia, have returned from a visit of some weeks in Spokane at the home of Mrs. Cummings, who is another daughter of Mrs. Eldridge. They say the Cummings family is getting on well, and the children are in school. Thelma, being about 13 years old, is about as tall as her mother and in the seventh grade. Jesse is 11, a strong boy of his age. They had a very fine visit.

23 Oct. 1918- "Water Service"- Mrs. E. M. Eldridge had the city water line put into her dwelling on St. Charles street this week.

Dear Water Right Holder:

IDWR has been notified the address presently in our records is incorrect. Although we have reached you at the address above, we need your written confirmation this is your correct address before we can change our records. Future notices related to your water right can be sent only to the address on your water right or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to this office. Make corrections to your name and address if necessary before returning this letter. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

We do have a question on the legal description. Legal reads, NWNW of T26N R22E S16, courthouse records show T25N R21E S16. We will need to know which is correct. If you could send us a copy of the Warranty Deed or a copy of your tax notice, we will be able to modify our records.

Please call this office toll-free at 1-800/451-4129 should you have questions.

Re: SNRA

Dear Ms. Givens:

Thank you for your letter of October 28, 1998 concerning my change of address. I have verified that the new address is correct. Also, I am enclosing copies of my most current tax records so that you can modify your records. In addition to the Water Right No. 75-13706 mentioned in your letter, I would appreciate it if you would change my address concerning my other claims. I am enclosing a copy of the receipt dated May 4, 1990 so you can identify those claims. If you have any further questions, please contact me and thank you for your cooperation and attention.

Very truly yours,

STATE OF IDAHO)

: ss

COUNTY OF LEMHI)

I, HAROLD HANSON, being first duly sworn, depose and state:

1. That I have been a resident of Lemhi County, Idaho, since 1946.

2. That I have, between 1946 and the present, resided approximately one mile north of Hughes Creek on Highway 93 in Lemhi County, Idaho.

3. That I am personally familiar with the parcel of property located on Hughes Creek owned by Mr. Robert Felton and, which I am told, is the lower portion of the property commonly known as the Hughes Creek Placer.

4. That during the late 1970's and early 1980's I personally irrigated the property owned by Mr. Felton and the adjoining property including lot 5 (owned by Mr. Robert Felton) and lot 6 (owned by Mr. Stuart Felton) of River Run Estates. I personally knew Jerry Ravendahl and currently am acquainted with his widow, Velma Ravendahl.

5. The Ravendahls owned lots 5 and 6 prior to 1948 and in 1948, they purchased the lower portion of the Hughes Creek Placer now occupied by Mr. Robert Felton. It is my personal knowledge and belief that this property has been irrigated continuously since 1948. from water drawn through ditches from Hughes Creek.

6. There are two ditches flowing from Hughes Creek above Mr. Felton's property which join together near the fence at the top of his property and supply water to the land on the road-side of the creek. There is another ditch which runs out of Hughes Creek on the far side of the road which takes water to that portion of Mr. Felton's property lying across the creek and continues on down through lots 5 and 6 of River Run Estates.

7. That having lived at this location for the last 44 years, and being acquainted with numerous, local residents, including residents on Hughes Creek, it is my understanding and knowledge that prior to the Ravendahls, the water in Hughes Creek, where it abuts Mr. Felton's property, was continuously utilized to supply mining operations, dredging, and personal use. This included damming the creek to support the dredging activity. This use has been continuing since before the turn of the century.

8. That the mining operations were continuous up and until the time of the second Word War. While the mining activity decreased during World War II, it actually ceased in 1947. The next year, 1948, the Ravendahls commenced irrigating the property.

SIGNED this __ day of April, 1990.

To Mr. H. S.
July 6-1901.

Register and Receiver,
Hailey, Idaho.

Sirs:

The record in the case of mineral entry No. 501, made October 6, 1900, by F. W. Hunt et al. for the Hughes Creek, Ransack Bar, Canteen and Stein placer claims, has been examined.

The improvements credited to the four claims for the development thereof, in compliance with the requirements of Sec. 2325 Rev. Stat., consisting of flumes, ditches, placer workings, shafts, cuts and tunnels aggregate \$15,770.00 in value, of which only one shaft 10 feet deep valued at \$70 is situated on the Canteen placer.

There is nothing in the record to indicate that any of the improvements shown to be within the limits of the other three claims in any manner develop or tend to develop the Canteen location. The nearest improvements to the Canteen placer, aside from its discovery shaft, are the tunnels on the Ransack Bar placer, situate more than a thousand feet southeast of said Canteen and are apparently not of a character suitable for the purpose of developing said claim.

Paragraph 53 of the Mining Regulations approved June 24, 1899, as interpreted by the Department in the case of the Copper Glance Lode Claim, reported in 29 L.D., page 542, prevents the considera-

tion of said improvements as for the development of the Canteen placer until it has been affirmatively shown that they were made for the purpose of the development of said claim and are of a character suitable for the purpose intended. The mere fact that the improvements on the other three claims aggregate in value more than fifteen thousand dollars and that the four claims are owned in common does not relieve claimants from the necessity of complying with the law in the expenditure of five hundred dollars' worth of labor or improvements for the purpose of developing the Canteen placer location, and claimants will therefore be required to make supplemental showing as to the expenditure for the development of said Canteen placer in accordance with paragraph 53, supra, as interpreted by the Department in the case of Draper et al. v. Wells, 29 L.D.550, and you will notify claimants that in default of such supplemental showing within sixty days from service of notice hereof, or of appeal herefrom, said entry will be canceled as to the Canteen location without further notice from this office.

On December 17, 1900, there was filed in this office, through J. Van Valkenburg, attorney at law, 303 Northwestern Building, Minneapolis, Minnesota, a protest in behalf of one Theodore Munson who claims that the locations now embraced in mineral entry No. 501 were relocated on May 26, 1899, by Ira Lamoreaux et al. as the Susquehanna placer mining claim, and that he is the grantee and sole owner of said claim; that at the time of the location of the

Susquehanna claim the ground defined by mineral survey No.1480 as the Hughes Creek, Canteen, Ransack Bar and Stein placer claims was vacant public land subject to such location by the locators of the Susquehanna for the reason that it had been abandoned by the owners of said claims and no work or labor of any kind had been performed thereon since the 26th day of May, 1896.

Claimants under mineral entry No.501 filed their application in due form on June 4, 1900, and gave the usual notice thereof by posting on the claim, in your office, and by publication from June 13 to August 15, 1900; no protest was filed in your office and in regular proceeding entry was allowed as above stated on October 6, 1900.

Protestant now appears before this office in the assertion of an adverse claim in the form of a protest, but the law requires the adjudication of all questions between rival adverse claimants for the same ground in the manner provided by sections 2325 and 2326 of the Revised Statutes.

As to the allegation that claimants failed to perform the annual assessment work subsequent to May 26, 1896, this office is without jurisdiction to determine. This question only affects the right of possession and is one exclusively for the consideration of a court of competent jurisdiction in the manner provided by the sections of the Revised Statutes above referred to. These questions have all been recently considered by the Department in the cases

reported in 29 L.D.62, 302, 308, 401, and more recently in the case of the Harburg Lode Claim, 30 L.D.202.

Protestant having failed to assert his adverse claim to the ground in the manner provided by law, and there being no allegation as to the insufficiency of the notice of application for the Hughes Creek and other placer claims, this office cannot consider the question presented in said protest, and the same is therefore hereby dismissed. Advise all parties in interest hereof.

In due time report hereon transmitting evidence of service of notice.

Very respectfully,

[Signature]
Commissioner.

Application for patent for the "Hughes Creek",
"Ransack Bar", "Canteen" and "Stein" Consolidated
placer mining claims.

F.W.Hunt, Jeremiah Fahey, Henry Stein and H.L.Holt, whose postoffice
address is Gibbonsville, Lemhi County, Idaho, being first duly sworn ac-
cording to law, depose and say:

That by virtue of a compliance with the terms of Chapter Six of
Title 32, United States Revised Statutes, and acts supplemental thereto
or amendatory thereof, and with the laws of the State of Idaho, and with
the miners customs and regulations of Dahlenega Mining District, in said
County, by themselves and their grantors, they, the applicants for patent
herein, have become the owners of and are in the actual, quiet and un-
disputed possession of the placer mining claims known as the "HUGHES CREEK",
"RANSACK BAR", "CANTEEN" and "STEIN" placer mining claims, situated in the Dahlenega Mining
District, County of Lemhi, State of Idaho, more particularly set forth
and described in the official field notes of survey thereof, hereto at-
tached, and in the official plat of said survey, now posted conspicuous-
ly upon each of said mining claims or premises, a copy of which is
filed herewith.

Deponents further state, that the facts relative to the right of
possession of themselves to said mining claims-deposit and surface
ground so surveyed and platted are substantially as follows, to wit:
The "Hughes Creek" placer claim was discovered on or about the first
day of January A.D. 1885, by E.C. Johnson, Thomas Sheridan, Frank Snyder,
Henry Stein, P.J. Kelley and T.F. Gallagher, who afterwards and before the
15th day of January 1885, completed a location of the same as a mining
claim of the length of 18,000 feet and a width of 300 feet. A certi-
fied copy of the original location notice of this claim is herewith

filed.

The interest, right and title of said Frank Snyder and Thomas Sheridan was forfeited by them to said Johnson, Gallagher and Stein on the 30th day of July, 1887, by proceedings taken under Section 2324 of the Revised Statutes of the United States, as appears by the abstract of title filed herewith.

That said E.C. Johnson, Henry Stein, P.J. Kelley and T.F. Gallagher by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the owners thereof. And said applicants with Ruth M. Hunt and Annie Stein afterwards made and recorded their amended location of said claim, and said Ruth M. Hunt thereafter conveyed her interest therein to deponent H.L. Holt, and said Annie Stein also conveyed her interest to deponent Jeremiah Fahey, and said deponents Hunt, Fahey, Stein and Holt now own and possess the entire right, title and interest in and to said mining claim. A copy of the aforesaid amended location notice is set forth in the field notes hereto attached.

The "STEIN" placer claim is designated in some of the conveyances thereof as the "DUMP" claim. This claim was discovered on or about the 15th day of March, 1890, by deponent Henry Stein, who afterwards and on or about the 19th day of said Month completed a location of the same as a mining claim under the laws of the United States.

That said Henry Stein by divers intermediate conveyances transferred said claim to applicants, who thereupon took possession and are the sole owners thereof. That said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "CANTEEN" placer claim was discovered on or about the 8th day of July, 1894 by one Ed Williamson who afterwards on or about the 9th

day of of said month completed a location of the same as a mining claim under the laws of the United States. That said discoverer and locator by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 1st day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

The "RANSACK BAR" placer claim was discovered on or about the 1st day of March, 1886, by one Harry Armitage, who afterwards and on or about the 3rd day of said month completed a location of the same as a mining claim under the laws of the United States, under the name of "The Placer" on Ransack Bar.

That said Harry Armitage by divers intermediate conveyances transferred said claim to applicants who thereupon took possession and are the sole owners thereof. And said applicants afterwards and on the 11th day of March, 1900, made their amended location of said claim, a copy of which amended location is set forth in the field notes hereto attached.

All of which will more fully appear by reference to the original records of location, copies of which are herewith filed, and the abstract of title, plat and field notes of survey and other papers filed herewith.

That the value of the labor done and improvements made upon said placer claims by these applicants and their grantors exceed the sum of two thousand dollars, and such improvements consist of placer workings, bed rock flume, shafts, open cuts, tunnels and ditches, and deponents have in all things complied with the provisions of Chapter 6 Title 32 of the Revised Statutes aforesaid and the acts supplemental thereto and amendatory thereof and the laws of the State of Idaho, and rules and regulations of Dahlenega Mining District aforesaid relative to the owning, holding and patenting said mining claims.

That by such compliance with the laws, customs and regulations afore-
 said, they are entitled to a patent from the United States for the
 "HUGHES CREEK", "RANSACK BAR", "CANTEEN" and "STEIN" claims so offici-
 ally surveyed and platted, and hereby make application for such patent.

Subscribed and sworn to before me this 21st day of May, A.D. 1900, and
 I hereby certify that I consider the above named deponents credible
 and reliable persons, and the foregoing affidavit, to which was attached
 the field notes of survey of the "HUGHES CREEK", "RANSACK BAR", "CANTEEN"
 and "STEIN" placer mining claims, was read and examined by them before
 their signatures were affixed thereto and the oath made by them.
