Carla,

Thanks for the e-mail. It is the new owners responsibility to file a **Notice of Change in Water Right Ownership** with IDWR to update the ownership of record. IDWR can't update the records until the new owner submits the change of ownership form. Unfortunately, that means you might get mail until they do so.

But with that said, what you got mailed was the finalized water right from the Adjudication Court, so there shouldn't be any more mail coming from the Court or IDWR in the foreseeable future. Hopefully, the new owner will get the records updated soon.

In the meantime, I will note in the file that you have sold the property and are no longer the owners.

Thanks,

Subject: Letter about Water rights

Hello Eric J. Wildman,

Today I received a letter from you, addressed to Nick Ormonde, 17750 Tree Farm Lane, Hayden Lake, ID 83835, dated November 8, 2019
It is about water rights from the Lancaster Creek , Hayden Creek Springs etc.

My uncle, Nick Ormonde, died April 18 2019, and I sold his property on August 12, 2019.
I therefore think this letter should be addressed to the new owner from the property.

Is this email to you enough? I don't know who is the owner at the moment.

If you have any questions, please let me know.

Greetings,

Carla Snels
