RE: DOMESTIC ADJUDICATION NOTICES; A75-10941,
A75-10942, A75-10943, AND A75-10944

Dear Mr. Havens:

Please find enclosed computer generated copies of your Notices of Claim to a Water Right, A75-10941, A75-10942, A75-10943 and A75-10944. In review of the original claims, the following discrepancies were noted.

A75-10941; The date (month, day, and year) water was first used for the purpose(s) claimed was only partially completed in Item #2. Since the notice only listed a month and year the last day of that month was used to complete the priority date.

Item #5 has been modified to read "Pump in Creek".

A75-10942; The date (month, day, and year) water was first used for the purpose(s) claimed was only partially completed in Item #2. Since the notice only listed a month and a year the last day of that month was used to complete the priority date.

The legal description of the Place of Use was not complete in Item #10, therefore, the legal description of the Point of Diversion, in Item #4, was used to complete the entry.

Item #13 was completed by entering "None". This indicates no other water rights are used at this same location for the same purpose.

A75-10943; Required no modifications.

A75-10944; Item #13 was completed by entering "None". This indicates no other water rights are used at this location for the same purpose.

Should you determine certain items need to be changed, make the necessary changes on this form, sign it, having your signature notarized, and return it to this office by April 5, 1993. If there are no changes simply keep the Notice(s) for your records.

As requested, I have enclosed four Notice of Change of Water Right Ownership forms to accommodate the current recipients of the trust properties. As Trustee, you may sign the change of ownership forms as the Former Owner, in lieu of the signature of the recipient. Thank you for the assistance in this matter.

Re: Water Right # 75-10939 & 75-10941

Dear Sirs:

By way of history, this property was purchased by my father Harold C. Havens in 1938 or 1939 I believe. I was born there in 1940. There was always a ditch that came out of "kids creek", I think it is called the "town ditch" which ran adjacent to this property and crossed a portion of it. I recall that it went down Union avenue for several blocks and then turned off it in a couple of directions.

My parents watered yard, garden, and pasture out of this ditch until about 1953 when the city paved Union Avenue and removed the culvert at that time. Most people on down the ditch had stopped using it. We then began to pump water direct from "kids creek" and have done so until the present.

The chain of ownership of the property is confusing since it has been divided among the children of Harold C. and Ila V. Havens. In 1961 a parcel was given to my sister, Hallie J. Proksch.

In 1971, due to the impending death of my father, the remaining property was placed in the H. C. & I. V. Havens trust. In 1977, a parcel was given to me, H. Dennis Havens (Water right # 75-10939) out of the trust. We continued to share the pump and drew water from "Kids Creek".

Upon the death of my mother, Ila V. Havens, the H. C. & I. V. Havens Trust was dissolved and the property was distributed to the children; Patrica J. Asplund, Hallie J. Proksch, Virginia I. Havens, and me, H. Dennis Havens.

Harold C. Havens, and his children who are the subsequent owners have continuously used water out of this source on the property since it's purchase in the late 1930's. We continue to do so for irrigation during the growing season of approximately April to November of each year.

The usage has been small and with the number of people involved, legal water rights have been passed on but not as a formal separate document from the deeds. When Mr. Havens bought the property he could not have foreseen the complicated and irrational requirements that are now being imposed on the present owners. So care was not thought to be required to document these things in the manner that is now required.

I therefore declare that I have personal knowledge that this water had been used at least since 1948 when I personally saw the water diverted for beneficial use. And I was told by my father that he had used the water since his purchase of the property in 1939.

The water was used for irrigation on the parcels of land herein identified as:

NW ¼ NW ¼ Section 8 Township 21N, Range 22E, Boise Meridian. For 1.3 Acres and 0.3 Acres at that location.

I declare the above information is true and correct to the best of my knowledge.

Signed,
