Suzy – can you please calendar the Nov. 15 deadline for this?

Dear Mr. Baxter,

Thank you for your email. I have communicated with Mr. Fairfield and Ms. Forde about your voicemail on October 18 and am awaiting direction from them. I will plan to be in touch on or before November 15 about how they wish to proceed. Thank you.

Greg George

Hi Greg,

I'm following up on a phone conversation we had last month and a voice message I left for you earlier this month regarding water right 95-9927 (Black Bear Water Association). In our phone conversation, I explained that IDWR needed additional information before IDWR could process the notice of change of ownership form you submitted on behalf of your clients, Eric Fairfield and Sandra Forde. We also discussed the current recommendation and the implications for your clients if the water right is decreed in the name of Black Bear Water Association. My notes reflect that you were going to reach out to your clients and see how they would like to proceed. Have you heard from your clients and do you know how they would like to move forward? The Department would like to dispose of the pending notice of change of ownership soon so please let me know how they would like to proceed. If I do not hear from you by November 15, I will assume they do not want to proceed with the change and I will recommend that IDWR return the notice of change in ownership to you unprocessed. Please let me know if you have any questions.

Thanks,
Garrick
