RE: REVISED SPLIT OF CLAIM 75-4383

Dear Ms. Christensen:

I made an error when I split the above referenced claim between you and Ms. Harrison. You are each entitled to a water right for 4.8 irrigated acres.

When Mr. Schwarting filed the water right for this property in 1983, he claimed 18 acres of irrigation. However, when he filed a claim on this same property in 1990, he reduced it to 11 acres of irrigation. Upon my examination of the aerial photo for your property, I found 9.6 irrigated acres.

While your deed and plat map show you received a total of 11.9 acres of property from Mr. Schwarting, you are only entitled to a water right for the number of irrigated acres. Please refer to the enclosed aerial photo that depicts which acres are irrigated and which are not.

In addition to this matter, we also need proof of the 1899 priority date claimed by Mr. Schwarting. Please submit any proof you have that a diversion was established from Tower Creek in 1899. The enclosed "Evidence of Priority" brochure may help you.

Respectfully,

Ernest Carlsen

To: Jennifer Crabtree, Eastern Region

From: Bob Foster, Salmon

I have enclosed copies of deeds, water right claims, and a copy of a survey pertaining to property once owned by Dennis Schwarting. This property has been split and portions are now owned by Catherine Christensen and a portion owned by Elizabeth Harrison.

It appears when water right claim 75-4383 was split into 75-14130 (Harrison) for .09 cfs and 5 acres and 75-14131 (Christensen) for .11 cfs and 6 acres, the remaining 7 acres under 75-4383 that is now owned by Christensen were not reflected in 75-14131.

I hope these documents can help clear this up. Let me know if you need anything further.

Dear Ms. Christensen:

The request for Change in Ownership for a portion of the above-referenced Notice(s) of Claim has been processed with the new Notice(s) reflecting you as one of the claimants.

Since the Change in Ownership involved just a portion of the Notice(s) of Claim, the right was split as follows:

75-4383 split into:

75-14130, .09 cfs, 5 acres, Harrison

75-14131, .11 cfs, 6 acres, Christensen

Enclosed for your records is a typed Notice(s) reflecting your portion of the right. Review the Notice(s) and if you have other corrections or questions, please contact this office.

Respectfully submitted,

Re: Tower Creek Adjudication Recommendation

Dear Mr. & Mrs. Barrett

Enclosed is a spreadsheet that summarizes recommendations filed with the SRBA court for claims for water from Tower Creek for properties that were settled in the 1890's or early 1900's. The claims had a wide array of priority dates and evidence in support of those priority dates was received. Some of you filed a Notice of Error in response to the Recommended Findings that were mailed out to claimants in November 2006. Some of you may have already received a response from us regarding your Notice of Error.

After looking at each right separately, we concluded that a more systematic approach to how recommendations were made was required. It seemed to us that it made sense to have the same priority date recommended for all of the property that was originally part of a single homestead. To that end we evaluated the Evidence of Priority information that was submitted and used the earliest date that we felt could be verified. In some cases documents were submitted that may reference dates earlier than what we have recommended, but the extent of development was not quantified. The spreadsheet lists the various water rights and the basis for the selection of the date used. Please note that you still have the option of filing an objection with the court if you disagree with these recommendations

If you have any questions please don't hesitate to contact us.

Sincerely

Robert G. Haynes P.E.

Ms. Roxanne Brown
Sr. Water Resource Agent
Adjudication Bureau, IDWR

Dear Ms. Brown,

I send you this letter and supporting documentation in order to accomplish two very important objectives: First to perfect our claim to water on the Tower Creek Drainage in Lemhi County, and second to again inform your agency that the parcel of land and corresponding water right that you have listed as owned by Cathrine Christensen was purchased by my wife Katie and myself in April, 2004.

Regarding the water right you will find enclosed a copy of Homestead Certification No. 798, Application 990, dated August 30 1899 granting the original water right. You will also find enclosed a letter from Mr. Roger Lanni an independent contractor testifying that he has been cutting the hay on this property for the past fifteen years. As I understand the properties history the acreage was used for domestic livestock grazing prior to conversion to hay production. If your agency requires additional documentation, receipts for pump repair/replacement, receipts for head gates that were purchased and installed I will be happy to provide them to you.

Regarding the property and ensuing water right ownership I have enclosed a copy of the Warranty Deed that transferred the right to my wife and I. Immediately after acquiring the property in 2004, I visited with you in your former office located on Orchard Avenue in Boise, Idaho. At that time I gave you this same information in order to initiate the transfer of the water right. I was informed that the information that I provided was all that was necessary in order to accomplish the transfer. Hence, I was surprised and somewhat bewildered when Ms. Christensen traveled to our home located on Tower Creek in order to deliver the information that your agency sent to her, instead of us. Thank goodness she was somewhat diligent with her delivery, (I only received the information last week) and thank goodness that my business travel obligations were such that I was around to respond to your edict. I realize that the water adjudication issue likely has your agency overwhelmed but I hope you can understand my concern. Had fortune looked the other way this issue would have been decided and neither my wife nor I would have had the opportunity to protect our valuable water right. Consequently, I again ask that your agency expedite transfer of the water right to us and also request that all future correspondence be mailed to our address:

Home Telephone: 208-756-1770

I hope that all of the information that you require has been provided. If you need further documentation or assistance please do not hesitate to contact me.

Sincerely,

Roy Barrett
