RE: Palouse River Basin Adjudication (PRBA) Claim Number 87-11081 and 87-11635

Dear Mr. Larson:

The Idaho Department of Water Resources (IDWR) is currently in the process of reviewing adjudication claims in your area. Initial review of your claims indicates several items that need to be addressed. They are as follows:

87-11081 and 87-11635 - Address

Claim number 87-11081 shows your mailing address as 3971 Darby Rd, Moscow ID 83843 but claim number 87-11635 lists an address of 515 SE Water St, Pullman WA 99163. Should both claims have the same address? If so, I've enclosed an address change form and ask that you complete it for whichever claim needs an address correction. Please return this form to my attention by December 27, 2019.

87-11635 – Violation of the Mandatory Permit Statute

A review of this claim indicates that the priority date claimed is in violation of the Mandatory Permit Statute for the water source and purpose of use claimed.

The permit system for establishing a water right became mandatory for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams). Your claim shows that your surface water usage began on April 29, 1976.

Please contact me to make arrangements to amend your claim and/or prepare a water right permit application. IDWR will not be able to recommend that the PRBA Court issue a decreed water right for your water use in the claims current form. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda a. Werner
Water Resource Agent, Sr.
