Re: Recommendation for right #75-10942.

Dear Ms. Asplund:

The water right referenced above was recommended for domestic purposes because that was the only purpose originally claimed by H.C. & I.V. Havens Trust.

According to Idaho Code, the phrase "domestic purposes" or "domestic uses" means:

- (a) The use of water for **homes**, organization camps, public campgrounds, **livestock** and for any other purpose in connection therewith, **including irrigation of up to one-half (1/2) acre of land**, if the total use is not in excess of thirteen thousand (13,000) gallons per day.

Based on tax lot information from Lemhi County it appears that you cannot irrigate more than ½ acre. Therefore, this right allows you to use the water in your house, to irrigate your lawn and garden, and, water stock if you wish.

If you are watering your lawn and garden out of Kid's Creek and the use first started by you or your predecessor before May 20, 1971, you may file a late claim in the Snake River Basin Adjudication (SRBA). If the use from Kid's Creek first took place after May 20, 1971, you will need to file an Application for Permit for a new water right.

Please do not hesitate to call me if you have any questions or if you want me to send the appropriate forms.

Sincerely,

Gregory J. Taylor

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

2. Describe the changes you wish to make in the proposed recommendation:
Request permission to use Kid's Creek water for residential ~~resi-~~
~~dential~~ lawn irrigation. Usage is intermittent but would not
exceed ~~the~~ average use of groundwater for domestic use.

3. Give a brief explanation as to why you disagree with these portions:

A pump and pipe system already exists. This use would be from
May to September. We would not use city water for this purpose.

 I AGREE with this proposed recommendation: no changes need to be made.
