Re: Palouse River Basin Adjudication / University of Idaho Notices of Claims

Dear IDWR:

We represent the University of Idaho (UI) in the above-referenced matter. Please find enclosed 23 separate notices of claims along with a check for the filing fee for filing in the Palouse River Basin Adjudication. I have listed the individual claims and associated filing fee for reference below. The UI claims approximately 765.5 irrigated acres on the main campus through a combination of water rights (87-2005, 87-2031, 87-7012, 87-7141, 87-7162, 1903 Beneficial Use Claim, and 1920 Beneficial Use Claim). Since some of the water right claims overlap the same acres the total claimed acreage reflects the maximum quantity while ensuring the same acreage is not counted twice for the filing fee.

Also, for the claims that only list an acre-foot quantity element we have only listed \$50.00 for the claim fee. If our calculations are in error please advise and we can follow up with the correct amount.
