Dear Dr. Roberts:

I am writing in regards to the approved Application for Permit No. 37-08369, to appropriate water in Blaine County, which was sent to you recently.

On November 19, 1987, the Fifth Judicial District Court issued a Commencement Order, which began a general adjudication of water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case which will result in a decree determining all rights to water from the water system. Idaho Code §42-1409 requires all persons owning water rights within the Snake River Basin water system to file a Notice of Claim to a water right with the Idaho Department of Water Resources for each water right, with certain exceptions. Your Permit No. 37-08369 is for the appropriation of water within the Snake River Basin water system, but applications for permits approved after entry of the Commencement Order is one of the exceptions to the requirement to file a Notice of Claim in the adjudication. You therefore may but are not required to file a Notice of Claim for your Permit No. 37-08369 in the adjudication. The validity of the permit will not be affected if you choose not to file a Notice of Claim at this time.

The adjudication statute does authorize the director of IDWR to issue an order at a later date requiring persons with permits who file proof of beneficial use after entry of the Commencement Order to file a Notice of Claim in the adjudication. An order requiring you to file a Notice of Claim has not been issued, and you will be notified by mail if such an order is issued. For further information about the Snake River Basin Adjudication, you may call the Adjudication Hotline toll-free at 1-800-451-4129 (for callers in Idaho) or any of the offices of IDWR.

Sincerely,

David B. Shaw
