RE: Snake River Basin Adjudication claim 43-13793, 43-13794, 43-13795, & 43-13796

Dear Mr. Parke,

On August 23, 2017, the Snake River Basin Adjudication court received 4 notices of claim to a water right filed through a *Motion for Determination of Deferred De Minimis Domestic or Stock Water Use*. All 4 claims appear to claim stockwater use within the United States Forest Service Grazing allotment Cold Springs C&H.

According to the notes in the files, you were last in contact with Carter Fritschle, Adjudication Section Manager of IDWR in June of 2018. Mr. Fritschle retired in November of 2019 and I am now reviewing the files to pick up where he left off.

I can see that on 6/7/2018, Steve Clelland of IDWR sent you a letter requesting additional information to support your claims. Then there was some correspondence between you and Mr. Fritschle trying to locate the requested supporting documentation. The final notes indicate that Mr. Fritschle tried to contact you and left voice messages on 8/17/2018 and 9/13/2018.

After reviewing the files, it appears that we still need additional information for IDWR to move forward with the claims. If you are still interested in pursuing these claims, please contact me **within the next 30 days** so we can discuss the best way to move forward.

Respectfully Submitted,

Craig L. Saxton
