SUBJECT: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Notice of Claim 95-7198

Dear Mr. Bruya:

In regard to our phone conversation today, enclosed is Notice of Claim to a Water Right number 95-7198, based on licensed right 95-7198 not claimed in the CSRBA. I have generated this form based on the pre-existing information for that licensed water right.

Also enclosed is a copy of that license and some information from the file which was taken off the original permit application and map which showed the place of use. Please review this information and if you determine that this right is, in fact, appurtenant to the property you own, than you may use the enclosed claim form to claim the right. Simply cross out and add any changes which need to be made (claimant name, description of diverting works, non-irrigation uses, etc.) sign and date the form and return to my attention by March 30, 2018. I'm also including an updated map of the area, please show on the map where the diversion and place of use are located. The cost for the claim, as filed for domestic use, will be \$25.00.

You may return this information, as well as the Notice of Error packet for the other claims we discussed, to my attention at the address listed above.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
