WATER RESOURCES

Dear Mr. Saxton,

I hope I can help to
move along with this process.
The base property for this
grazing permit is on the
Quitclaim Deed # 302651

Parcel # and Parcel # are
my Grandfather's original
homestead and farm. The
other parcels are grazing dry
grounds and I don't think
are base property. The
4-1-1909 date is of my
Grandfather's original permit and
the cattle would have grazed
it in spring of that year.

I'm getting older and not very
sharp any more. Corey Skinner
of the Twin Falls office helped me
to start. He may be able to help
a little. Thank you

Robert Parke
