RE: Rejection of Notice of Claim to a Water Right

Dear Claimants:

The Idaho Department of Water Resources (IDWR) has received your Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right. We are unable to process your adjudication claim for the following reason(s).

The priority date you entered for your claim was the date you purchased the property, when it should be the date water was first used from the source you are claiming. In your case, it would be the date the well was drilled or when your home was built. The only way to fix that is through an Amended Claim. I have enclosed a copy of your claim for you to amend and sign. Please initial any changes you make.

I have also included a map of your property. Could you please mark where your well is located?

I have set your claim status to Temporary until I receive the amended claim back with the Priority Date corrected and the form is signed and dated. At that time, it will then be changed to Active and put through for recommendation.

I apologize for the inconvenience, and if you have any questions, please do not hesitate to contact me. I can be reached by phone during business hours at 208-762-2800.

Sincerely,

Dawn R. Lenon
Technical Records Specialist 1
Northern Region

Enclosure(s): Copy of Notice of Claim to Water Right with map
