SUBJECT: Palouse River Basin Adjudication Claim (PRBA) No. 87-11358, 87-11357

Dear Mr. Fager,

In regards to our phone conversation on 2/12/2020, enclosed is your Amended Notice of Claim to a Water Right. Below are comments on what is amended on the claim as well as further instructions for you. Everything on the amended claim is the same as the original claim except these highlighted sections and that this form is used for in-stream stockwater use so it looks slightly different:

- #2, Date of Priority: Changed it from 1969 to 1923 based on the available evidence we discussed.
- #4 and #9, Point of Diversion/Place of Use: Inserted the legal description and parcel numbers for all three parcels where in-stream stock use occurs.
- #13, Remarks: Stated use began at the time the home was constructed rather than the shop based on available evidence we discussed.

➤ **#15, Red Arrow, Signature:** Both you and Tammy Fager sign and date the document.

By amending your claim, you are creating one single in-stream stockwater claim that includes all parcels where the use has occurred rather than an individual claim for each parcel.

Review the claim for accuracy. If there are any additional changes you would like to make, cross out the incorrect information, replace it with the correct information and initial next to it. I will send you a copy of your original Notice of Claim for reference.

In regards to the claim 87-11357 for your wells, on the provided map please mark "X" and label where the newer and older wells are located. Also, please circle the approximate location where the stock tank(s) are.

Please mail the completed Amended Notice of Claim and Map back to my attention at 7600 N. Mineral Drive Suite 100, Coeur d'Alene ID 83815. If you have any questions, feel free to contact me. My telephone number is (208) 762-2810 and my email is [christopher.holmes@idwr.idaho.gov](mailto:christopher.holmes@idwr.idaho.gov).

Sincerely,

Christopher Holmes  
Water Resource Agent
