RE: Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right Number 87-10613

Dear Mr. or Ms. Bosse:

We're in the process of recommending the above claim for decree in the PRBA. During this review several questions came up relating to the well and place of use locations. Consequently, I've enclosed a map of your property and ask that you show where the wells and water usage is occurring.

Also, you claimed a priority date (first usage) of December 31, 1933, but did not include evidence to support this date when you filed your claim. When this happens we try to obtain information from the assessor's office to help verify this information. Their records show a year built date of 1937. As a result, your claim will be recommended with a priority date of August 20, 1937. (Taxlot data attached).

If you do not agree with this priority date, please return evidence supporting an earlier priority date when you return the map.

Please return this information, to my attention, by **March 6, 2020**. Be sure to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Senior Water Resource Agent
