**87-10612 Memo**  
**2/13/2020**

I spoke with Eric Kiblen in regards to his claim 87-10612. The second home claimed is for his in-laws property, the Parce's, just north of his home. Both homes share this well. Because he claimed two homes, I described to him why I would only be able to recommend the date when the second home was completed (2013) rather than the claimed date of the first home (1984). I informed him of his options whether he wanted to still claim both homes or not. He decided that he will be okay if I recommend one home for the 1984 date, and the Parce's will file a separate claim with the 2013 priority date on the second home. Eventually the Parce's will drill their own well and not be part of the same system. When this happens, and after the final decree is issued for 87-10612, the Parce's will file a transfer for the new well.
