The Director of the Idaho Department of Water Resources previously issued a *Director's Report* for the above-captioned water right claim. No objections were filed to the *Director's Report*. However, prior to the Court decreeing the uncontested right, the Director issued an *Amended Director's Report* for the right. No objections were filed to the *Amended Director's Report*, and the time for filing such objections has expired. A hearing on the uncontested right was held on February 18, 2020. No one appeared to object to the entry of a *Partial Decree* for the claim as recommended. Therefore, the claim will be partially decreed consistent with the elements set forth in the *Amended Director's Report*.

Therefore, IT IS ORDERED that the above-captioned water right be **decreed** as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54(b)*.
