RE: Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right Numbers 87-10643 & 87-10645

Dear Mr. Cone:

The Idaho Department of Water Resources (IDWR) is currently in the process of reviewing adjudication claims in your area. Initial review of your claims indicate several items that need to be addressed. They are as follows:

Priority Date - The claims indicate your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.

Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of water. The types of evidence which may be used include well drilling reports, taxlot data, receipts for materials purchased, certificate of occupancy, a statement from someone who has first-hand knowledge of the water usage, etc.

Well & Place of Use Location - I've attached two maps with each parcel outlined. Please show on the map where the well(s) and water usage is occurring.

In regard to claim numbers 87-10646 and 87-10647 for the domestic usage at 1042 Onaway Road and 1043 Jones Loop, these water uses have been recommended as claimed.

Please return this information, to my attention, by **April 6, 2020**. Be sure to contact me if you have any questions. I can be reached at (208) 762-2800 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
