month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

RE: SRBA Claim

Dear Claimant:

Please find enclosed your claim and your check #2347 for \$25 which you recently submitted to our office. I am returning these pursuant to Rule 10,4 of the Department's Adjudications Rules and Regulations.

In reviewing your claim I believe your intent is to claim an asthetic use of the water; however, several essential elements which define your water use were not clearly described on the claim form.

Item 2 must list a month/day/year inwhich you first diverted the water for asthetic purposes.

Item 3 must list the source of water. I believe your source is Billingsley Creek Trib. to Snake River and that the water is diverted via the Buckeye ditch. Please note that the Buckeye ditch delivers water to various users who have been decreed the use of the water for various uses but generally for irrigation. Do you have decreed water rights for irrigation of your lot?

Item 4 must describe the 10 acre tract inwhich the water is diverted from the source.

Item 5 must describe how the water is diverted from the source and delivered to its place of use. I'm guessing that the water you use is via the Buckeye ditch and then is re-diverted into your ditch. Is this correct? Please clarify; complete the map showing how the water is used.

Item 6 must show the use and when it is used during the year and the rate in cubic feet per second (cfs) inwhich the water is diverted.

Item 9 must describe how the water is used.

Item 10 must describe where the water is used.

RE: Snake River Basin Adjudication

Dear Mildred Johnson:

In response to your letter our office received June 22, 1988 it is our understanding that the Buckeye Ditch Co. has no water rights vested in their name. The Buckeye Ditch Co. was formed to construct and maintain the Buckeye Ditch for the delivery of privately owned water rights. If you have a water right vested in your name you will need to respond by filing a claim in the Snake River Basin Adjudication. Please find enclosed a claim form with instructions for your use. If you have further questions I suggest you contact the Buckeye Ditch Co. or our office.

Sincerely,

Dear Ms. Johnson:

You presently have a decreed right to irrigate 2 acres of your property near Hagerman, Idaho. If you wish to have this right included in the coming court decision (or adjudication) as to the future use of all the water in the Snake River Basin of Idaho, you must file a "Notice of Claim" to the above water right. You have filed such a "Notice of Claim" but in it you say that you no longer use this water for irrigation but wish to preserve the flow of water in the ditch by (or through) your property. This is a new use from the original water right. Water laws in Idaho are being updated constantly due to the complexity of administering the uses of water of the State as our population increases and the ways of water use grow.

One of the changes in the Idaho Water Law requires that any use of surface water that began on or after May 20, 1971 must file for a "permit" for this use. This "permit" can eventually lead to a "License" to use the water in the manner and at the place you specified. The application for a permit is then advertised locally so that other water users can protest it in court if they feel it endangers their rights.

Mr. Steve Clelland of our office has already sent you the permit application (with the instructions) which you may send in if you decide to pursue the process of obtaining a license for the aesthetic use of this stream. If you only wish to preserve the irrigation right you already have, you should sign the computer printed claim form he has sent you, have your signature notarized, and send it back to us along with your original claim you filed and which was returned to you.

I hope this clarifies these procedures and guides you in your decision on how you wish to handle these water rights. I am sorry for the concern that this has caused you.

Sincerely,

Robert V. Worstell
Water Right Agent

RE: RESPONSE TO NOTICE OF ERROR FOR CLAIM 36-00039H

Dear Ms Johnson

I understand your frustration at paying for an adjudication claim and then having that claim disallowed but based upon Idaho Code your fees were used to verify the status of your claim.

In 1988 when claims were being taken, it was impossible for the claims taker to verify if your use was valid or not. Idaho Code requires that we accept any claim made by an individual or entity regardless of their validity. The verification process which is funded by claimant fees is the process used to approve or disprove a claim. This claim has been disallowed based on the non-use of the water right as described by the claim. Based upon currently available information I am unable to reinstate your claim.

If you still do not agree with the proposed IDWR recommendations to the court, you may file an objection with the court after you receive the final recommendation of your water right. The objection process will be explained when you receive your final recommendation of your water right.

Sincerely

Kelly K. Christensen
Kelly K Christensen
Sr Water Resource Agent

11/12/92

I still disagree with your conclusion, but of course can do nothing more about it, you required me to file the claim. I explained over the telephone that the water was at present being used only as esthetic purposes, I think some refusal should be made.

Gentlemen:

In Sept. 1988 I was informed I should fill out an application for water rights in Hagerman, Idaho, which I did. I made 2 or 3, at least, long distant phone calls to get questions answered regarding that application. People I talked to did not seem to know much about the forms nor be able to help much. I paid \$52.00 for this right. It now appears I did not need to file the application, and the claim is being disallowed.

I feel my money should be refunded. It was enough to have paid those long distance calls.

Thank you, and I will appreciate your comments.

Sincerely,
Mildred A. Johnson
