COOS BAY OR 97420

SUBJECT: Palouse River Basin Adjudication Claim (PRBA) No. 87-11475, Second Claim

Dear Mr. Lucas,

In regards to our phone conversation on 4/16/2020, enclosed is your Amended Notice of Claim to a Water Right. Below are comments on what is amended on the claim. Everything on the Amended Claim is the same as the original claim except these highlighted sections:

- #3, Source: Changed it to ground water.
- #5, Description of diversion: Included the history of the water diversion on the property.
- #6, Purpose: Changed it to only include the main house, which will be represented throughout the rest of the Amended Claim.
- #12, Other water rights: Stated the second home.
- #14, Basis of claim: Changed it to Beneficial Use, which represents the way the water was appropriated.

I am also mailing you another Notice of Claim to a Water Right for the second house on the property. Everything is filled out nearly identical to the main house claim except for the highlighted sections that represent the differences between the two claims. Below are further instructions required from you.

- **#15, Red Arrow, Signature:** Both you and Teresa Lucas please sign and date **both** documents.
- **Claim Fee:** Provide a \$25.00 check for the filing fee on the second claim.

By amending your claim, you are not including the second house and accurately reflect the water source. By filing a second claim, you are claiming the second house from the same well.

Review the claims for accuracy. If there are any additional changes you would like to make, cross out the incorrect information, replace it with the correct information and initial next to it. I will send you a copy of your original Notice of Claim for reference.

Please mail the completed forms and fee back to my attention at 7600 N. Mineral Drive Suite 100, Coeur d'Alene ID 83815. If you have any questions, feel free to contact me. My telephone number is (208) 762-2810 and my email is christopher.holmes@idwr.idaho.gov.

Sincerely,

Christopher Holmes
Water Resource Agent
