_____	)	

Notices of claim were filed for the water rights set forth on the attached list pursuant to the procedures for filing of deferred *de minimis* domestic or stockwater claims. The Director of the State of Idaho Department of Water Resources (IDWR) examined these claims and filed a *Director's Report of Deferred De Minimis Domestic or Stockwater Use*.

On March 4, 2019, the United States of America, Department of Interior, Bureau of Land Management filed objections to the *Director's Report*. On February 10, 2020, the parties filed a *Standard Form 5 – Stipulated Elements of a Water Right* in each of the subcases, which resolved the objections. The Idaho Department of Water Resources concurred with the stipulations.

Therefore based on the file and record herein and pursuant to the *Standard Forms 5*, IT IS RECOMMENDED that the water rights set forth on the attached list be **decreed** with the elements as set forth in the attached ***Recommendations for Partial Decrees Pursuant to I.R.C.P. 54(b).***
