Subject: Re: Worley Rolling Hills Water Association License

Good morning,

Thank you for the follow up AND all your help.

We are planning to add another house, so the 4th one, as we discussed. No more on our side or Keith's side.... Is another owner from CA, she owns all the lots between us and Keith's house, I believe are 8 lots...?. I do not know exactly her plans....

Regarding the 4th house, we pay about \$10,000 the down payment, I will double check with the manufacture company or I will check with my banker when I did the wire transfer last year.

I didn't pull a permit on the 4th one, but I will do it, as soon as I sell #3 / closing on May 25th.....and move the proceeds to the 4th one...and start pulling all the permits.

Hope I answered all your questions. Thank you. Stay safe!! Ana / 208.966.1291

Thank you,

Good morning,

I am emailing you in regards to the adjudication claim by the Worley Rolling Hills Water Association on behalf of you. I was part of the hearing yesterday with the judge, and the department is re-evaluating the Amended Claim you filed. I had two questions regarding the Water Association.

First, in total how many additional homes do you intend to add and connect to the well? We discussed the 4th home that you are putting in this summer, but does the association plan on adding more? If so, how many and approximately when?

Second, would you please provide something to document the process showing that you intend to build the 4th home (or however many more the association anticipates). This could be a copy of one of the permits that you got from the county, plumbing/construction cost receipts, etc. or a signed written statement from you.

As always, feel free to call, email or schedule an appointment with me if you have any questions. Email is currently the best way to contact me due to the Governor's stay at home order. However, I check my voicemails and return phone calls when I am in the office usually on Tuesdays and Thursdays.

Sincerely,

Christopher Holmes
