Subject: Notice of Claim to a Water Right Number 87-11449

Dear Mr. or Ms. Bruce;

Hello,

This email is to let you know that we've completed the review of your water right claims and have recommended them for decree in the Palouse River Basin Adjudication (PRBA).

87-11449

The recommendation has been made for one well with a priority date of May 20, 1994 for domestic usage at the home on parcel number 41N04W077217 (1055 Dobyns Ln). Please note - you claimed two wells but the second well couldn't be included because of its' completion date being after January 1, 2006. Prior to that, an **accomplished change in point of diversion** could be applied but after that, a second Notice of Claim should be filed. [Idaho Code 42-1425]

87-7178 for Wildlife Storage

This claim has been recommended as claimed per the licensed water right.

You will be receiving information from IDWR in the near future which will explain your water right recommendation(s) and give an opportunity for error review. This is the next step toward final decree of your water right.

In the meantime, feel free to contact me if you need any further information.

I can also be reached at the phone number listed below.

You can view your water right on our web site at www.idwr.idaho.gov.

I've enclosed a web cheat sheet for your assistance.

Sincerely,

Linda A. Werner
