I disagree because the original adjudication filing was done incorrectly stating 1 acre instead of 2 acres and also that when you use corrigrates for irrigation, it takes at least 2 inches per acre.

RE: RESPONSE TO NOTICE OF ERROR FOR CLAIM 36-00180G.

Dear Mr Tussey

Although the claim may have been filed in error, IDWR cannot increase any of the points of a claim. We are limited by the claimed acres and claimed rates.

If you still do not agree with the proposed IDWR recommendations to the court, you may file an objection with the court after you receive the final recommendation of your water right. The objection process will be explained when you receive your final recommendation of your water right.

I attempted to reach you by phone today to discuss this in greater detail but I could not reach anyone.

Sincerely
