INSTRUCTIONS FOR USE

This form must be used to provide notice of change in address or to substitute a party whose water right recommendation is in a director's report which has been filed with the court. The filing of Standard Form 3 cannot result in a contested matter. A hearing will not be scheduled.

This form has been adopted by the court in SRBA Administrative Order 1 (amended June 21, 1993), Section 4A, which may be consulted for further information.

Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) where a water right recommendation is not before the court.

As used in this form, the term "prior claimant/seller" means any person who, pursuant to I.C. § 42-1409(2), (3) and (6), filed a notice of claim asserting the right to the use of water or on whose behalf the right to the use of water was asserted. "New claimant/purchaser" means any successor in interest of a "prior claimant/seller," whether the interest is acquired by purchase, gift, inheritance or other means.

A *Consent to Substitution of Party (Substitution)* must be signed by the prior claimant/seller and the new claimant/purchaser. The *Substitution* shall be filed by the new claimant/purchaser.

Check either the *Change in Address* or *Consent to Substitution of Party* box and fill in the requested information. A party may copy or reproduce the standard form. The text of the form must be on the front and back of each page, exactly as it appears here.

Follow the instructions on the form or the court will not accept it for filing. The Verification and the Certificate of Mailing must be completed.

The standard form may be obtained from the Idaho Department of Water Resources and the court. You must provide a copy of this form to each party, or to their legal counsel, in any subcase in which you are a party.

SUBJECT: POSSIBLE FILING OF EXTENSION OF TIME TO AVOID FORFEITURE
FOR A36-00108H
phone call (X) walk-in (.)

She indicated that they no longer have a delivery system for their use under this right. She indicated that the former owner was apparently sharing a pipeline from the main ditch with a neighbor but that arrangement ended abruptly. They want to install their own pipeline this year or maybe next year. I explained how and why an extension of time to avoid forfeiture can and should be used. She indicated that they would look into how long the system has not been used and then make a decision.

Dear Keri

Enclosed is the *Extension of Time* form for your use. I have also enclosed the fee sheet with the fees due for extensions highlighted.

One of the steps of approval of an extension filing is that it is to be advertised and other parties may then file a protest.

If you need additional general information concerning the extension of time process, please contact Allen Merritt at 736-3033 or Glen Saxton at 327-7955. If you elect to file the extension of time and need help completing the form call this office and the agent of the day can assist you.

SUBJECT: OWNERSHIP CHANGE RECORDS COMPLETE??

phone call (X) walk-in (.)

Said he bought this property from Steve Warren and wondered if everything was okay as far as the ownership change. Checked our records and everything seemed fine. There was a note saying SF3 had been sent so I called Debbie @ the SRBA courthouse and she confirmed that their records have also been changed. He also wanted to know if everything else seemed to be taken care of as far as his water right. Told him it looked okay and was recommended in the Director's Report. Told him to call his watermaster, George Lemmon, if he had any problems or questions on delivery or he could always call the department...

RE: Snake River Basin Adjudication (SRBA) Claim No. A36-00108H
Notice of Error

Dear Mr. and Mrs. Warren:

We are in receipt of the Notice of Error form you filed for the above referenced claim. We are not making any changes to the recommendation at this time.

Your form questioned the equivalents between inches and cubic feet per second (cfs). You are correct that 6 inches equals .12 cfs. One cfs is equal to 50 inches (.02 cfs = 1 inch).

Also you mentioned on your form that you need stockwater year round. My review of the recommendation shows that stockwater has been recommended on a year-round basis.

Please do not hesitate to contact this office if you have any questions or need assistance.

Sincerely,

Helen Harrington-Thornton

She said they were using gated pipe with 30" centers in a furrow system, from the south to the north.

The property hasn't been used recently because the pipe has been stolen. Also they have been involved in a battle for water and can't get delivery of their water.

* when it was irrigated, they had a 5 day rotation, 24 hour sets and a 2 day dry period.
