Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.

Dear Sirs:

REGARDING: Evidence supporting the priority date on claim identification number A36-04115.

I, the undersigned, George H. Lemmon, hereby state that I have lived in Hagerman Valley for 70 years, have been a water master for over 35 years and was ditch rider for the Buckeye Ditch from 1943 to 1950. The priority date for the water that was decreed to the Buckeye Ditch is September 10, 1884 and there has not been any additional water added to said Ditch.

As stated, I was ditch rider for the Buckeye Ditch from 1943 to 1950 and remember delivering water from the said Ditch to the subject property. I also remember that the subject property was under irrigation prior to the time I took over as ditch rider, thus supporting the priority date of March 15, 1935.

It is my opinion that the priority date of March 15, 1935 on claim identification number A36-04115 by Mr. & Mrs. Darwin D. Pugmire probably should be September 10, 1884, but definitely by March 15, 1935.

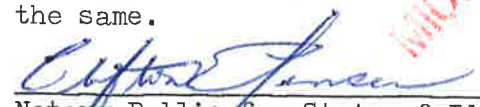

Thank you and if I can be of further assistance in this matter, please contact me.

Sincerely,

George H. Lemmon

Property is ~~not~~ flood irrigated thru one Roadgate. North end of property is too high to be flooded, i.e., not irrigated.

There are no measuring devices, Water not flowing at time of exam.

Strongly suspect this is based on the decree, based on location of property - needs further research.

REMARKS: proof submitted: 10-30-90 by Cliff Jensen. * Supports proof as of 1943 by G. Lemmon.

After reviewing all the claims submitted and the surrounding properties with water rights it does appear this right is a part of the 36-00108 right. This information was probably not clear until this adjudication and several of these small portions of the Ducee have been confused with each other. If claimant contact is needed, Mr Easterday will be advised of these findings. Also, delivery is made based on this priority date as decreed (see watermaster's affidavit.)
