I. Issues identified by claimant: Shortening season by 30 days
Merging these 2 water rights

II. Reasons provided claimant for original recommendation: This was the standard season for this area when the claims were first processed. It has now been increased to 3/15 to 11/15. These rights were not merged, but they are to be used on the same lands so they must be limited when used together on the same land. They cannot be used on other acres. Each right has its own priority date.

III. Additional information provided by claimant: That he has need for the water on "other 8 acres"

IV. Changes to be made in final recommendation (if any): ~~None~~ change to new period of use (3/15-11/15) on each claim.

V. Action taken (date): changed notice of error flags and re-verify each claim
