In Re CSRBA

Twin Falls County Civil Case No. 49576

Report to the CSRBA District Court

Prepared by the Idaho Department of Water Resources
Gary Spackman, Director
Craig Saxton, Manager, Adjudication Section

March 24, 2020

DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

DISCUSSION

On February 26, 2019, IDWR filed a Director's Report for Grace Dolly, Betty Barley, Timothy Watson, Jo Ann Miehm and Auggie Watson's Water Right No. 95-9676, for irrigation purposes. On April 30, 2019, Timothy Watson filed an objection to the Point of Diversion, Period of Year and Place of Use elements contained in IDWR's recommendation.

On August 2, 2019, IDWR filed a Notice of Completed Administrative Proceeding and Amended Director's Report (ADR). The ADR split Water Right No. 95-9676 into 95-17796 and 95-17797. The ADR recommended both split rights and disallowed parent right 95-9676. At the March 17, 2020 status conference, claimant Timothy Watson clarified that his objection on 95-9676 should apply to the split right 95-17796, and Special Master Booth orally granted Mr. Watson's motion to file an amended claim for 95-17796. On March 18, 2020, Mr. Watson filed an amended claim for 95-17796 to claim an additional Place of Use in reflection of the original license for the water right. The amended claim also increased the diversion rate from the original claim.

The Director submits for filing with the Court an Amended Director's Report for the aforementioned subcase recommending the claim as attached (see attached recommendation).
