RE: License 87-7132 and Claim 87-10563

Dear Mr. Johnson:

The Idaho Department of Water Resources issued water right license 87-7132 on August 22, 1992. The right is for domestic use and two acres of irrigation. On May 16, 2019, you filed Claim 87-10563, apparently for the same domestic use and two acres. I have enclosed a map showing the place of use and point of diversion according to our records. The well appears at the center of the quarter quarter. The highlighted parcels are what I understand to be your place of use are.

I have also included a claim for right 87-7132 and the water right report for license 87-7132. Please look the over the documents. If you agree with the claim please sign it and return it to me. Also, please use the map to identify the location of the point of diversion, your well. I misspoke when I talked to you a few weeks ago. When you filed Claim 87-10563 for domestic use only the fee was \$25. That claim would limit you to 13,000 gallons per day. With the two acres of irrigation we require an additional \$31. If you have questions please contact me at 208.287.4881 or Sandra.thiel@idwr.idaho.gov.

Sincerely,
