RE: Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right Number 87-10978

Dear Mr. Olesen:

The claim identified with the number shown above has been filed in the PRBA. The claim indicates your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.

Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of water. The types of evidence which may be used include well drilling reports, taxlot data, receipts for materials purchased, certificate of occupancy or a statement from someone having first-hand knowledge of the water usage. Please note: taxlot data (enclosed) indicates a year built date of 1975 for this parcel. Is this the original well for your home and was a second well drilled in 2002 to replace the first well? If so, you may change the priority date (item 2) to represent an earlier priority date.

Also, during this review it came to our attention that the legal description for the point of diversion (well) and place of use is listed differently on your claim than what is seen on the map. The claim shows the well and place of use in the **NESE**, Section 14, T39N, R5W. However, the map indicates that it should be the **SWSE or possibly NWSE**, Section 14, T39N, R5W.

For your review, I have enclosed a map which has your parcel outlined, and have included a copy of your original claim. If you are in agreement with this information, please amend the claim by correcting the legal description of the well and place of use under items 4 and 9 (and/or item 2-priority date). All you need do is cross out the incorrect information and write in the correct information. Be sure to initial and date each change that you make and re-sign the claim under item 15. Also, please show on the map where the well and the place of use is located and return this information, along with the amended claim, to my attention by July 31, 2020.

Be sure to contact me if you have any questions or concerns. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Senior Water Resource Agent
