

Phone Memo

June 19, 2020

Claim 87-11092

Call from Daniel Schwartz

RE: Email sent to Daniel on June 18, 2020 regarding his claim

I spoke with Dan Schwartz in regards to the email I sent him the day before. In the email I pointed out that his domestic claim stated it is for a home and 5 acres of irrigation, and that a domestic claim can only include up to a half acre of irrigation. In our conversation he stated he is not currently irrigating the entire 5 acres, only some areas around the home. I told him he is then likely just fine within the half acre limit, and that if he plans to irrigate more in the future, he will need to file an application for permit.
