RE: Amended Notice of Claim, Notice of Claim to a Water Right

Dear Mr. Emerson,

In regards to our phone conversation on Friday, June 19th, enclosed is your Amended Notice of Claim and a Notice of Claim to a Water Right for license 87-7074.

The amended claim is identical to the original except for these highlighted sections:

- #1: Left the name blank for you to fill in.
- #2: Changed the date from July 1, 1950 to 1928.
- #4: Acknowledged that the second well is for the license claim.
- #13: Stated the priority date comes from the year built date for the home.

I also sent a Notice of Claim to a Water Right. This is a claim for one home that uses less than 13,000 gallons per day based on the license 87-7074. Note: The volume quantity in #6 is slightly different from the license; because only one of the two licensed homes has been using the well, the volume claimed is half of the license. Please review the information on the forms for accuracy. If there are any errors, cross out the incorrect information, replace it with the correct information and initial. **If there are still two homes being supplied by the well, or you use more than 13,000 gallons per day, call me to fix the license claim.**

There are a couple of items that you need to complete:

- #15: Please sign and date both documents.
- Fee: Enclose a \$25.00 check payable to Idaho Department of Water Resources.

I enclosed a copy of the original claim 87-11175 and license 87-7074 for reference and your records. The claim and fee may be returned to 7600 N. Mineral Drive Suite 100, Coeur d'Alene ID 83815. If you have any questions, feel free to contact me. My phone number is (208) 762-2810 and my email is christopher.holmes@idwr.idaho.gov.

Sincerely,

Christopher Holmes
Water Resource Agent
